3406 W. 32 Street Minneapolis, Minnesota September 22, 1949

Mr. L. B. Nichdio
Assistant Director
Federal Bureau of Investigation
Department of Justice Building
Washington 25, D. C.

Dear Mr. Nichols:

You will recall that at the time you and the Director made possible my transfer from the Bureau to St. Paul in May, 1947, you requested that I drop you a personal note whenever the situation changed and the basis for that transfer no longer applied. In keeping with that understanding, I can now tell you the physical condition of my father-in-law, Otto Ohlund, is such that our constant presence here is not necessary.

Late last month I again discussed Mr. Ohlund's health with the family doctor, who said his other limb may not also require amputation for some time, his diabetic condition is arrested and, with luck, he may live several years. He is 77 at this time.

After learning of the above, I so informed SAC Rhodes, telling him that the emergency nature of my transfer here had passed. On September 6th he talked with me concerning my availability for transfer in connection with SAC Letter #80, dated August 16, 1949 (Personell - Advancement). I told him that since the Ohlund matter had been resolved, I was available and would, of course, go to any office within which the Director felt my services would be of value. He mentioned the home I was forced to buy in Minneapolis and I told him that could be sold if necessary. He then, on September 6th, submitted my name to the Bureau in connection with SAC Letter #80.

Since my arrival here I've enjoyed the work a great deal, particularly the past nine months during most of which time I've been on the desks of the ASAC and SAC because of Mr. Rhodes' many and long trips from the office. Frankly, I am not anxious to leave St. Paul but I am interested in the Bureau's work, progressing in it, and ultimately earning model money so as to better provide for my family. Therefore, any opportunity making possible the achievement of those ends would naturally be welcomed.

I did want you to know how matters stand here and thank you again for the consideration given me in the past.

Sincerely yours,

Robert E. Wick

Dear Sir:

Be: | ROBERT . MICK |
Special Agent
ST. PAUL DIVISION

Reference is made to SAC Letter 80, Series 1949, dated August 16, 1994.

Agent MOBIRT E. TICK on a long-range basis for development as an administrator in the Bureau. He has been a Special Agent since July 20, 1942, and has been assigned as an Agent of this office since May 19, 1947. From approximately January, 1946, to May, 1947, he was assigned as a supervisor at the Bureau under the jurisdiction of Assistant Director L. B. NICHOLS. Since he has been assigned to the St. Paul Office he has qualified as an inspector's aide and has assisted in the inspection of several of the divisional offices, as well as self-inspection of the St. Paul Office.

For the past year I have used him on the ASAC's desk here when the latter takes over my desk when I am out of the city. The Bureau has approved of this procedure.

In my opinion MICK possesses all the qualities that make up a successful Bureau administrator. He is of excellent appearance and approach, is a highly intelligent individual, I have found his judgment to be sound, and he has a friendly and congenial personality. He gets along well with his associates in the office. Likewise, his contacts with public officials and members of the public generally are favorable. He can adapt himself to any situation and discharges all of his assignments in a highly competent manner.

Re: Robert E. Wick

Concerning his availability, Mr. WICK informs me that his family situation will now enable him to accept immediate assignment wherever and whenever the Bureau needs his services. He has an interest in administrative work and is thoroughly competent in this field. Likewise, he is a thorough investigator.

In view of his previous service in the Bureau as a supervisor, his experience as an inspector's aide and the fact that he has handled the work of the ASAC's desk in this office in a highly competent manner, it is my firm conviction that he is competent at this time to assume the duties of Assistant SAC in a Field Division of the Bureau.

Reference is made to your letter to Special Agent ROBERT E. WICK of this office dated October 5, 1949, transferring him to the Seat of Government.

You are advised that Mr. WICK will depart on his transfer on December 1, 1949. In this connection it is pointed out that he owns his home in Minneapolis and, of course, wants to dispose of it by sale before he leaves here. He has informed me he will make every effort to wind up his affairs here earlier than the above date, and should he be successful in doing so, he will advise me and, of course, will depart on transfer before December 1st.

In view of the above circumstances I do not feel the above-mentioned departure date is unreasonable, and unless I hear from you to the contrary Twill assume it is satisfactory with the Bureau.

Re: ROBERT E. WICK, SA TRANSFER EFFICIENCY REPORT

Rating: EXCELLENT.

WICK ceased active duty as an Agent in the Minneapolis Office at the close of business November 22, 1949. He reports to the Bureau for assignment on transfer November 28, 1949. He has been assigned to this office since May 19, 1947 when he came here on transfer from the Bureau. My detailed comments in regard to this employee are the same today as they are in the Annual Efficiency Report, which I submitted on him on April 12, 1949. He is a highly competent agent and an excellent administrator. He investigates all of his cases in a thorough and painstaking manner. Likewise, the administration of his cases is excellent. For the past year he has acted as ASAC of this office when the ASAC takes over my desk while I am out of the city or otherwise engaged. He has discharged this assignment in a highly capable manner. He is thoroughly cognizant of Bureau policy and procedure and evinces great thoroughness in case reviews and handling administrative detail of the office that happens to be assigned to him.

WICK is a qualified inspector's aid, a qualified public speaker and he gets along well with his associates in the office and with the public generally and with law enforcement officials. He is particularly adept in the use of firearms. On one occasion while engaging in outdoor firearms training here, he shot "a possible" score in the practical pistol course.

Since he has been here he has assisted me on a number of self-inspections of this office. He had handled all of this work thoroughly and creditably, without any bias or without any fear or favoritism. He is scrupulously honest. He has also assisted regular Bureau inspectors in inspecting a number of field divisions. I consider him competent to assume the duties of an Assistant Special Agent in Charge.

#### MEMORANDUM FOR MR. NICHOLS

### PERSONAL AND CONFIDENTIAL

Re: Special Agent Robert B. Wick

For your own personal information I wanted to call to your attention the unusually fine attitude displayed by the above-mentioned Special Agent in connection with his recent transfer from the Minneapolis Office to the Seat of Government. You will recall that something over two years ago when Wick was formerly in Crime Records Section he requested a transfer to the St. Paul Office primarily because of the precarious condition of the health of his wife's father at that time. Another consideration was the fact that Wick had just been ousted from one house a few months before and at the time of his departure was being evicted from another house. You will recall you told Wick at the time to let you know when his personal situation cleared up.

Wick's personal situation in 30 and 3 and 3 word for a situation in 30 and a segment of this fact immediately. After he received his transfer back to 45 the Seat of Government he sold his house and took a loss of approximately \$1,800.00. In addition his wife is about five months pregnant and her condition is such that is nearly \$1,800.00. In addition his wife is about five months pregnant and her condition is such that is nearly \$1,800.00. In addition his wife is about five months pregnant and her condition is such that is nearly \$1,800.00. In addition his wife is about five months pregnant and her condition is such that is nearly \$1,800.00. In addition his wife is a hour five silent and special agent in the finneapolis of the sit on the desk of the Assistant Special Agent in Charge when the latter and Special Agent in Charge were out of the city. I happen to know that wick was very happy in Minneapolis and as a personal preference perhaps would have preferred to stay there rather than to come back to the Bureau.

Wick is really an outstanding Agent and I thought you would like to know of the above as it indicates his high regard for the Bureau and willingness to work wherever the Bureau desires.

ROBERT E. WICK Special Agent GS-12 \$6800° EOD - 7/20/42 -Assigned - Crime Records

Special Agent Wick has been assigned to Crime Records Section since November 28, 1949, having previously, served in the Minneapolis Field Office. Special Agent Wick presents a most favorable personal appearance. He has an outstanding personality and is capable of getting along well with all types of people. During his assignment in the Section he has handled a number of detailed research projects requiring considerable initiative and imagination. Special Agent is an exceptionally hard worker and has dogged perseverance.

It should be noted that Agent Wick is a qualified Inspector's Aide and has done an outstanding job in this regard while in the field. Before being assigned to Crime Records he had been approved as a Relief Supervisor in Vinneapolis and on a number of occasions functioned in the absence of the ASAC.

Agent Wick has been used on a number of special tours and speeches and has performed most satisfactorily in this manner. It is felt that this Special Agent is well qualified now to serve as an ASAC and that he has the qualities which with additional experience will remable him to function satisfactorily as an SAC in one of the smaller offices.

On the basis of his work during the year, I feel that he is entitled to a rating of Excellent in Grade as-12.

I wanted to call to your attention the outstanding job being done in Crime Records at the present time by the above-mentioned employee. You will recall that on his annual efficiency report recently submitted he received a rating of Excellent. Special Agent Wick has been in the Bureau since July 20, 1942. He has been in Grade GS-12 since January 12, 1947. His 1947, 1948, 1949 and his 1950 annual efficiency reports have been Excellent.

This Special Agent has had a most varied experience at the Seat of Government and in the field and is capable of handling the most complicated investigative matter. Special Agent Wick is enjoying Excellent health and is well qualified to handle assignments including raids requiring the utmost physical exertion and extreme danger.

Special Agent Wick's personal situation, which was the basis of his transfer from the Seat of Government to the field in 1947, has completely cleared up and he presently is available for assignment whenever and wherever the Bureau might desire on either general or special matters. In fact, it might be noted that when he was sent to the field in 1947 you requested that he advise you when his personal situation cleared up. Agent Wick, though he had purchased a home, did so advise you in the fall of 1949 and he came back to the Seat of Government even though it meant taking a loss of approximately \$2,000 on his home.

Agent Wick's previous assignment in Crime Records; extended from January 10, 1946, to May 19, 1947, a period of one year and four months. He was assigned to the Sty Paul and Minneapolis Offices from May 19, 1947, to November 27, 1949, which is a period of approximately 25 years. Upon arriving 1960 in the St. Paul Office, he was placed on regular assignments. In the fall of 1947, he was a member of the special detail in Kansas City on the election fraud investigation.

MAJ:mb

Memo to Mr. Nichols from Mr. Jones Re: SA Robert E. Wick

April 21, 1950

In June, 1948, he assisted Assistant Director Connelley in an inspection of the Milwaukee Office. Mr. Connelley described his services as entirely satisfactory and stated that Special Agent Wick was above average in his ability to locate deficiencies. In December, 1948, Inspector Naughten described his services as Very Good in connection with an inspection of the Chicago Office.

During the year 1949, Special Agent Wick was an approved supervisor in the St. Paul Office. On January 12, the SAC requested he be approved as a Saturday supervisor. Such permission was granted on January 24, 1949. On February 7, the Bureau approved his being designated as Relief supervisor during the absence of the ASAC. Mr. Wick advises that for a period of five or six weeks, during the vacations of the SAC and ASAC, he acted in the capacity of ASAC. He further advised that on occasions when, because of emergency situations, both the SAC and ASAC had to be out of the office, he acted for brief periods on a number of occasions in the SAC's capacity. He also was used from time to time on self inspections in the St. Paul Office. By letter of September 6, 1949, SAC Rhodes recommended Agent Wick as one to be kept in mind in the Bureau's long-range policy concerning administrators. Mr. Rhodes expressed the belief that Wick was then ready to serve as an ASAC. Agent Wick, as indicated above, has been back in Crime Records since November 27, 1949, or for nearly five months.

While Agent Wick's total supervisory experience is slightly short of three years, it is felt that his work on inspections and in other capacities more than compensates in this regard.

RECOMMENDATION: It is recommended that this Special Agent be considered now for a promotion from Grade GS-12 to Grade GS-13. Should it be found that he does not meet the qualifications, it is recommended that he be reconsidered after the passage of three months.

This employee entered on duty 7-20-42 as a Special Agent in Grade CAF-9, \$3200 per annum, was reallocated to Grade CAF-12, \$5905.20 per annum on 1-12-47, and as the result of two basic salary increases and two Uniform Promotions, his present salary is \$6800 per annum in Grade GS-12. He is being considered for reallocation to Grade GS-13.

On 4-19-44 SAC McKee was authorized to utilize this Agent in speaking engagements.

On 5-3-44 this Agent was censured for the loss of his official Tax Exemption Identification Card.

On 3-12-45 he was transferred to the Washington Field Office because of an error made by him and another Agent in dealing with local officers. As a result of the assistance being given to the State Police by the Bureau, he and another Agent issued some instructions that an automobile was not to be touched because of the possibility of disturbing latent fingerprints and the garage attendant construed these instructions to even prohibit the police from touching the car. Even thoughthe Agent was not at fault, SAC McKee felt it best to transfer him out of the office:

By letter dated 1-10-47, he was thanked by the Director for turning down a position which would pay a greater salary than that which he received from the Bureau. This position was with an advertising firm in Minneapolis.

On 3-31-48 he was rated EXCELLENT. On 3-31-49 he was rated EXCELLENT:

In a memorandum to Mr. Nichols dated 12-21-49, Mr. Jones advised that harmanted to call to Mr. Nichols attention the unusually fine attitude displayed by Agent Wick in connection with his recent transfer from the Minneapolis Office to the Seat of Covernment. His personal situation in so far as his wife's family cleared up only recently and he advised Mr. Nichols of this fact immediately. After he redeived his transfer back to the Seat of Government he sold his house and took a loss of approximately \$1800.00. In addition his wife was about five months pregnant and her condition was such that she could not go up and down steps. He had a child in school and was getting along highly satisfactory in the Minneapolis Office. Mr. Jones advised that he happened to know that Agent Wick was very happy in Minneapolis and as a personal preference perhaps would have preferred to stay there rather than to come back to the Bureau. He was really an outstanding Agent and Mr. Jones thought Mr. Nichols would like to know of the above as it indicated his high regard for the Bureau and willingness to work wherever the Bureau desired.

Prom Lett to English 4-26-50 samuela Sall 6-le-50 On 3-31-50 Mr. Jones rated him EXCELLEM and stated he presented a most favorable personal appearance, had an outstanding personality, and was capable of getting along well with all types of people. During his assignment in the Section he had handled a number of detailed research projects requiring considerable initiative and imagination. He was an exceptionally hard worker and had dogged perseverance. It should be noted that he was a qualified Inspector's Aide and had done an outstanding job in this regard while in the field. Before being assigned to Crime Records he had been approved as a Relief Supervisor in Minneapolis and on a number of occasions functioned in the absence of the ASAC. He had been used on a number of special tours and speeches and had performed most satisfactorily in this manner. It was felt that he was well qualified now to serve as an ASAC and that he had the qualities which with additional experience would enable him to function satisfactorily as an SAC in one of the smaller offices.

By memoranium dated 4-21-50 to Mr. Nichols, Mr. Jones advised that he wanted to call attention to the outstanding job being done in Crime Records at the present time by Agent Wick. He had been in the Bureau since 7-20-42, and his 1947, 1948, 1949, and 1950 Annual Efficiency Reports had been Excellent. He had had a nost varied experience at the Scat of Government and in the field and was capable of handling the most complicated investigative matter. He was enjoying excellent health and was well qualified to handle assignments including raids requiring the utmost physical exertion and extreme danger. His personal situation, which was the basis for his transfer from the Scat of Government to the field in 1947, had completely cleared up and he presently was available for assignment whenever and wherever the Bureau might desire on either general or special matters. While his total supervisory experience was slightly short of three years, it was felt that his work on inspections and in other capacities more than compensated in this regard. It was recommended that he be considered now for a promotion from Grade GS-12 to Grade GS-13. Should it be found that he did not meet the qualifications, it was recommended that he be reconsidered after the passage of three months. Mr. Nichols agreed.

In a menoranium to Mr. Tolson dated 5-3-50, Mr. Nichols advised that he concurred in Mr. Jones' recommendation that Agent Wick be reallocated from Grade GS-12 to GS-13 on April 21. Action had not as yet been taken on this recommendation. Mr. Nichols advised that he now recommended that no action be taken and that the matter be reconsidered on 7-1-50. The present recommendation was predicated upon the fact that Mr. Wick erred in connection with the spelling of a word in the preparation of the Director's speech on Monday night. Mr. Nichols advised that he must say, however, that Mr. Wick was extremely cautious. He had done good work and were it not for this incident, coupled with the fact that Mr. Nichols specifically requested that everything be double checked, he would vigorously advocate his previous recommendation.

By letter dated 5-17-50 he was commended for the splendid manner in which he handled himself relative to a situation which recently arose which night have caused embarrassment to the Bureau. It was noted he interviewed who admitted he was an escapee from the Torrance State Hospital for Insane, and Agent Wick had him turned over to the St. Elizabeth's or Gallinger Hospital in Washington, D. C., after properly determining his true status.

A review of his file reflects that he is qualified to handle the most complicated investigative matters, he is in excellent health and is well qualified to handle assignment including raids requiring the utmost physical exertion and extreme danger, he is available for special and general assignments, and he had received, consistently, Excellent efficiency ratings for the past three years. In connection with his supervisory duties, it is noted on 1-24-49 his SAC was authorized to utilize him as one of the Saturday supervisors, and on 2-7-49 his SAC was authorized to utilize him as a relief supervisor during the absence of the ASAC. He served in the Crime Records Section from 1-10-46 to 5-19-47 and again since 11-27-49.

RECOMMENDATION: It is recommended that he be passed over for reallocation to Grade GS-13 at this time and be reconsidered on July 1, 1950.

ROBERT E. WICK Special Agent EOD 7-20-42 GS-12 \$6800

Assigned - Crime Records

DATE: June 22, 1950

On May 3, 1950, I withdrew the recommendation that I had previously made for the reallocation of Agent Wick from GS-12 to GS-13 and recommended that this be held pending further consideration on July 1. This action was predicated upon an error that Mr. Wick made in the spelling of a word in the preparation of one of the Director's speeches. At that time I pointed out that Wick ordinarily was extremely cautious and that he did good work.

At that time I advised Mr. Wick of my action. He was very much disturbed by the error. His attitude and spirit were excellent. Since then he has turned in an outstanding account of himself and I recommend his reallocation to GS-13.

### PURPOSE

To comey some comments pertinent to the Bursau made by William V. Shannon to Special Agent William C. Sullivan under date of July 24, 1950.

#### DETAILS

William V. Shannon is a friend of SA W. C. Sullivan. As you know, Shannon, who attended Clark and Harvard Universities in Massachusetts, is a writer presently associated with Robert S. Allen, who formerly was with Drew Pearson. As you also know, Allen is writing a book about Washington (containing a chapter on the FHI) assisted by Shannon and that both Allen and Shannon recently met the Director and Tr. Nichols. Shannon was later given a tour of the Bureau by Supervisor R. E. Wick.

On Monday, July 2h, 1950, SA W. C. Sullivan, while having lunch with Shannon, received some of his impressions of the Bureau. Shannon advised Sullivan that Robert S. Allen was very pleased with his interview with the Director and with the cooperation given to him by lim. Nichols. It was Shannon's first real visit to the Bureau and he was very favorably impressed.

Shannon went on to tell SA Sullivan that he was given a tour of the Bureau by Supervisor R. E. Wick. Shannon commented upon the vast and varied knowledge about the Bureau, Supervisor R. E. William at his fingertips and the willingness and cooperation Wick manifetted in answering questions. Shannon said that the tour liven to him by Supervisor Wick because of its thoroughness and completeness will be of great value to him in preparing the chapter on the FMI in the forthcoming book which he and Allen are writing.

Your attention is called to the attached six-month efficiency report, on the above-mentioned Special Agent, assigned to this Section. (I do want to point out that I feel Agent Wick is an excellent prospect for consideration at the present time as an Assistant Special Agent in Charge. He has had wide experience in the Field and also at the Seat of Government. When assigned to the St. Paul Office he had frequent occasion to serve on the SAC's desk and acquitted himself creditably in this regard. has had inspection training and has assisted on a number of inspections when out in the Field. He has an outstanding appearance, is a hard worker, is well-versed in Bureau policy and is the type who can lead other Agents.

I further want to emphasize Mr. Wick's excellent attitude toward the Bureau. Over the past few years he has had several job offers, which would pay more money than the Bureau does. All of these have been turned down. Then too, you will recall he requested a transfer to the St. Paul Office back in 1947 in view of the serious condition of his wife's father. At that time you suggested that he let you know when his personal situation cleared up. Even though his wife was pregnant and could travel only with great difficulty Mr: Wick did advise you late in 1949 that his personal situation had cleared up. He gladly returned to the Seat of Government although it meant losing approximately \$2000 on a house-he had hough Attachment Beloved him here. Heldes

Dear Miss McNeal:

Your letter dated October 20, 1950, has been received, and your notes of the same date to Special Agents Edward C. Kemper and Robert E. Wick have been brought to my attention. I do want to thank you for your very gracious remarks concerning my administration of the activities of the FBI and I want you to know it was a real pleasure to have the Officers of the Air Force Division tour our Headquarters.

My associates and I are grateful by your very complimentary remarks concerning the explanations given by Mr. Kemper and Mr. Wick. You may be sure that they considered it a privilege to be of assistance, and I trust that whenever we can again be of aid you will not hesitate to call upon us.

I was also pleased to be informed that the group of Officers' wives also enjoyed the tour of our facilities conducted by Mr. Farl Hassell

Sincerely yours,

J. Edgar Hoover

Friday October 20th 1950

My dear Mr. Hoover:

Please accept my sincere thanks for your courtesies to my friends from the Pentagon Bldg. Colonel Joseph L. Montague truly felt honored to be received in your office, as well as to present at the same time his fellow officers of the Air Force Division. On this never-to-be-forgotten day of Oct. 18th, the morning group was given Supervisor R. E. Wick for the tour. In many phone messages to me this morning, members of the Air Force have given praise of his interesting talk. He certainly gave them plenty to think about and was most gracious and efficient in explaining.

In the afternoon the second group of officers were escorted through your wonderful Bureau by Supervisor E. C. Kemper, who proved marked ability in his direct and complete thought re: the many services performed by the FBI.

A small but special group of fair ladies (officers wives) was also escorted through the offices by Tour Leader Earl Hasel. They were delighted with the way he explained in detail the different desks en route of tour.

Miss dandy, as usual, was ever ready to do the right thing to make each one welcome and feel at ease. She is a very wonderful person.

I am so proud, just down right conceited over the tremendous work you and your well trained workers are doing, because you always "get"what you go after -- and do it in the Hoover-American way.

Again, please accept my thanks and believe me sincerely,

Olive McNeal

Special Agent
GS-13, \$7600
EOD - July 20, 1942
Assigned - Crime Records

This report is being submitted in view of the passage of six months since this Special Agent was reallocated from Grade GS-12 to Grade GS-13.

Mr. Wick has continued to turn out an exceptional job here in the Crime Records Section. He has had general supervision over all matters pertaining to press releases. He has handled a number of special tours and speeches and also has assisted on my desk on a number of occasions when I was tied up on a special project. Mr. Wick is an exceptionally hard worker and believes in driving on a project until it is completed. He has demonstrated good judgment and has a thorough knowledge of Bureau policy.

This Special Agent presents an excellent physical appearance, has a congenial personality and gets along well with others.

Agent Wick is most interested in the Bureau and has, I feel, the qualities which would enable him to function satisfactorily at the present time as the Special Agent in Charge of one of the smaller offices. It is felt, however, that he should be given an opportunity to function for a time as an Assistant Special Agent in Charge and that he should be considered in this regard whenever an opening occurs.

On the basis of his work during the pertinent period, Mr. Wick is entitled to a rating of EXCELLENT in Grade GS-13.

FROM

M. A. JONES

SUBJECT

COMMUNIST PARTY, USA - BRIEF

INTERNAL SECURITY - C

With regard to the handling of the press release material furnished by the New York Office in connection with the above matter, Supervisor F. D. Hereford brought to my attention this morning the attached material containing the Director's notation "Just why has it taken from June 15 to August 20 - 2 months to take this action?"

The following is submitted with regard to the phases of this matter handled in the Crime Records Section:

You will recall that the material was submitted from the New York Office under date of June 15, and that the press release on the arrests of the Communists was under date of June 20. The review of this material was not completed until just before the press release. It ou therafter instructed Agent Wick of this Section to prepare an appropriate letter to New York concerning the inaccuracies and request an explanation. This letter was dated July 20.

The primary reason for our failure to handle this matter more expeditiously is the fact that throughtout practically the entries summer we have been operating on what amounts to little more than a skeleton crew in so far as Supervisors are concerned. Two Supervisors have been assigned for practically six weeks to the inspection of the Administrative Division. We have had the normal amount of leave by Special Agents during the summer and Special Agent Kemper, as you know, has been tied up with the movie most of the summer and has not been available for other assignments. During most of the pertinent period between June 20 and July 20 Mr. Wick, in addition to his numerous other duties, was functioning as the Number 1 man of the Crime Records Section. In getting out the initial letter to New York requesting the explanation, Mr. Wick made a meticulous and thorough study and analysis of the twenty-one summaries submitted by the New York Office so as to be absolutely sure that the criticism of that Office would be on safe grounds. In connection with this study he had numerous conferences with the Supervisors in the Security Division to iron out uncertainties. Mr. Wick worked on this matter over a period of several days and got it out just as expeditiously as he could considering the various other matters which were pending at the time. It should be noted that I followed with Mr. Wick on several occasions after he received this assignment to check on his progress. You will recall that during the pertinent period we were getting out press release material on other Communists who were to be arrested and it was our feeling that that work should be given priority over the instant matter.

Memo to Mr. Nichols
Re: Communist Party, USA-BRIEF
INTERNAL SECURITY - C

August 29, 1951

The reply from the New York Office dated July 31st was received in this Section sometime during the first week of August (the exact time is not available). Immediately upon its receipt, I wrote a memorandum to you suggesting that the entire matter be referred to the Security 'ivision so that doubtful points raised by New York's explanation could be clarified and then that the material be referred to the Administrative Division for appropriate action. You returned it with several suggestions including one that an appropriate letter be written immediately to Mr. Scheidt of the New York Office. Accordingly, I prepared right away a suggested letter and sent it through with my cover memorandum of August 10th which is attached.

The Crime Records Section had no further connection with this matter, it being my understanding that it was handled thence forth in the Investigative Division. OFFICE MENA NOUM

In connection with the handling of the press release material furnished by the New York Office in the captioned matter and the administrative action recommended against personnel of the New York Office for inaccuracies in this material, the Director has inquired, "Just why has it taken from June 15 to August 20 - 2 months to take this action?"

In response to the Director's inquiry it is noted that the original press material in this matter was submitted by the New York Office under date of June 15, 1951, and the matter was thereafter handled in the Crime Records Section of the Records and Communications Division until August 10, 1951. The material was received by the Administrative Division on August 11, 1951, and handled in that division until finally sent through on August 20, 1951.

#### EXPLANATION OF RECORDS AND COMMUNICATIONS DIVISION

Mr. M. A. Jones, Chief of the Crime Records Section, has pointed out that the press release material in this case was submitted from the New York Office under date of June 15, 1951, and that the press release on the arrests of the Communists was under date of June 20, 1951. The review of this material was not completed until just before the press release. Thereafter, Agent Supervisor R. E. Wick of the Crime Records Section, acting on instructions of M Mr. Nichols, prepared a letter to the New York Office concerning the inaccuracies in the press release material and requesting an explanation. This letter to New York was dated July 20, 1951.

Mr. Jones advised that the primary reason for the failure to handle this matter more expeditiously in the Crime Records Section was that throughout practically the entire summer, this section has been operating on practically a skeleton crew of Supervisors. He pointed cut that in addition to normal summer leave, two Supervisors regularly assigned to the section have been on a special inspection assignment for approximately six weeks and another Supervisor has been tied up most of the summer on another special assignment. During most of the pertinent period between June 20, 1951 and July 20, 1951, Supervisor Wick was functioning as the Number One man of the Crime Records Section, in addition to his numerious other duties. It was

pointed outthat in preparing the July 20 letter to New York requesting explanations, Mr. Wick made a meticulous and thorough study and analysis of the 21 summaries submitted by the New York Office so as to be absolutely sure that the criticism of that office would be on safe grounds. In connection with this study, he had numerous conferences with Supervisors in the Domestic Intelligence Division to aron out uncertainties. It was pointed out that Supervisor Wick worked on this matter over a period of several days and got it out just as expeditiously as he could, considering the various other matters which were pending at the time. Mr. Jones advised that he followed with Supervisor Wick on several occasions after the latter received this assignment to check on his progress. It was noted that during the pertinent period, the Crime Records Section was also getting out press release material on other Communists who were to be arrested and it was felt that that work should be given priority over the instant matter.

Mr. Jones has further pointed out that the New York Office submitted the requested explanations under date of July 31, 1951, and the New York reply was received in the Crime Records Section sometime during the first week of August (the exact time in not available as the original of this letter has previously been sent to the Director). Immediately upon receipt of this reply, Mr. Jones wrote a memorandum to Mr. Nichols under date of August 7, 1951, suggesting that the entire matter be referred to the Domestic Intelligence Division so that doubtful points raised by New York's explanation could be clarified, and that the matter them be referred to the Administrative Division for appropriate action. This memorandum was returned with several suggestions, including on that an appropriate letter be written immediately to SAS Scheidt of the New York Office. Accordingly, Mr. Jones immediately prepared the suggested letter and sent it through with a cover memorandum dated August 10, 1951. Thereafter, the Crime "ecords Section had no further connection with the handling of this matter.

#### EXPLANATION OF ADMINISTRATIVE DIVISION

This matter was handled in the Administrative Action Section of the Administrative Division from August 11, 1951, until finally sent through on August 20, 1951. The material was received by the Administrative Action Section at 10:59 AM on August 11, 1951, with instructions from Inspector J. P. Mohr to prepare individual memoranda on the various Agents involved, together with appropriate recommendations. This matter was given immediate attention and it was thereafter necessary to prepare 15 individual memoranda and to brief the personnel files of all 15 employees involved. In addition, it was necessary in each instance where inscauracies or discrepancies had been noted

in the material forwarded by the New York Office, to thoroughly review the case file on the individual subject to determine the accuracy or inaccuracy of the data submitted by New York. It was further necessary to telephonically obtain certain information from the New York Office in order that the removenda prepared might be complete and also to determine from the Grime Records Section what instructions were given the New York Office regarding the preparation of the press release material and what instructions were given to the Supervisors tho reviewed this meterial at the Bureau. Appropriate menon and also had to be obtained in certain instances from the Supers sors in the Domestic Intelligence Division who reviewed and reduce themper ! New York material, and it was also necessary in obtain accommendations from Mr. Belmont in instances where it appears the reventing Expervisors were possibley at fault. All of the above enhalled considerable work and time, but was handled as expeditiously as possible and the ontire project was finally completed and the appropriate memoranda sent through on August 20, 1951.

During the period this watter was being handled in the Administrative Action Section, it was necessary to handle numerous other administrative actions which had to handled as expeditiously as possible. In this connection, it was necessary to recall a Supervisor back from leave to assist in the work of this Unit because of the considerable volume of work recaived. It is further pointed out that during the period this particular matter was being handled, the three Supervisors in this Unit averaged over two hours per day voluntary overtime.

#### CONCLUSIOUS IND RECOMMENDITION

It appears there was too long a delay on the part of the Crime Records Section in making a request of the New York Office for an explanation as to the inac wracies noted. Inasmich as Mr. Jones indicates this was not the fault of Supervisor Wick because of various other responsibilities he was cilled upon to perform during that period, it is recommended that a letter of censure be directed

to Mr. Jones because of his failure to arrange for additional assistance in handling the work of the Crime Records Section to insure more prompt attention was afforded the particular matter in question

DATE: October 23. 1951

With reference to Mr. Clegg's recommendations on a reorganization of my office-and the Director's instructions "I want this implemented promptly," I recommend the assignment of Special Agent Robert E. Wick to my office.

Wick is a very industrious, conscientious, hard-working person. He has an excellent background, both in the field and at the Seat of Government. He has developed considerable aptitude in the matter of working up press releases. He has had some experience in handling the press, having acted in charge of the Minneapolis Office.

As outlined by Mr. Clegg, Mr. Wick's responsibilities will be as follows:

He will assume as quickly as possible some of the press contacts which Mr. McGuire and I now have which can be turned over to him.

He will be responsible for receiving telephone the second calls on press inquiries, for finding out the facts and answering the inquiries. While Mr. Wick will have to use his own judgment in handling many of these inquiries, Iswill make it clear to him that he is to check with me and if I am not available Mr. McGuire, and in matters of extreme importance with either the Director or you if the facts warrant. I will also arrange for him to receive the press calls at night from the switchboard; however, he will be expected to keep meninformed.

Mr. Wick will also receive routine-calls on press releases from SACs. He will be required to maintain liaison with other Division's of the Bureau // and with the Records Section in handling press releases.

Memorandum to Mr. Tolson

He will supervise for me the matter of tours, although in this regard Mr. Suttler has been made directly responsible.

He will screen informative memoranda, incoming teletypes, etc. and keep me informed of developments of interest to the Bureau and to our Division.

Mr. Wick will also handle such special assignments as given him such as checking details, securing factual data and answering inquiries, etc.

He will review certain of the routine correspondence from the Crime Records Section not handled by Mr. McGuire.

Mr. Wick has been assigned to the Seat of Government on two occasions. He returned in the last case on November 27, 1949. He has an excellent record in the service. He does an exceedingly good job in taking special tours himself and has had considerable experience. He gets along very well with people.

Our big problem, of course, is the matter of space in order to make the new plan function as it should.

## Hice Memorandum UNITED STATES GOVERNMENT

L. B. Nichola FROM :

SUBJECT:

With regard to the Theft of Government Property prede release which we issued yesterday, I thought you would like to know what tremendous and spontaneous reaction we have had from the press across the country. Judging from the unprecedented number of call-backs we received from local correspondents of out-of-town papers, as well as from the wire services, and from the actual coverage the release was given not only here but in nearby cities, it is apparent the press felt the story worthy of front page and headline spreads.

Mr. Rosen personally took a great interest in this program and the cooperation extended by him, personally, in his division was most helpful in getting the material together.

Special Agent Supervisor O. F. Myers on the Theft of Government Property, Desk worked very assiduously and conscientiously with Special Agent Robert Wick of the Crime Records Section in correlating the information and getting the data together.

I know it was 2 A.M. in the morning on Thursday when the draft of the release was being prepared when all of the results from the field came in. I think everyone worked particularly hard on this release and I recommend that the Director congratulate Mr. Rosen, Mr. Myers, both of the Investigative Division, and Ur. Wick, of the Crime Records Section, for the exemplary manner in which this assignment was handled. Vimyo

lander at the life to

SUBJECT:

RECOMMENDATION FOR LETTERS OF COMMEMDATION REARQUINDUP PRESS RELEASE I THEFT OF CYERENEET PROPERTY CABES

In connection with the roundup of Theft of Government Property cases which was the subject of a press release today, the following recommendations are being made.

Instructions were issued on October 8, 1951, in a teletype to all SAC's except Anchorage, outlining our plans for a roundup press release on Theft of Government Property which was to be planned for Friday, October 12. In view of the results which we obtained by Thursday, October 11, it was decided to move forward with the press rélease a day in advance.

It was our plan as indicated to get a roundup press release ready for the purpose of more adequately coping with the violations and to focus attention on these violations to bring about more prompt referral of cases and stimulate public interest. The wire to the Field outlines our plans along these lines.

We also planned to have one or more cases presently pending which we would select as the key case upon which the release was to be made from Washington. In the meantime, we wanted all other Field Offices to get in on this project so that we could get a good story. We believed that we could develop an interesting release if this procedure was followed and we recommended that it would be well worth our while to spend this time and effort, being hopeful that the procedure would produce results. There is attached a tickler copy of the original instructions issued to the Field on October 8, 1951.

The press release was therefore keyed to activity in the Newark Office and in the San Francisco Office.

the state of BAN FRANCISCO OFFICE

Nine persons were arrested by the San Francisco Office which brought to 22 the number taken into custody in connection with thefts at the Mare Island Maval Shippard, at Vallejo, California. These arrests were under the supervision of ASAC Bachman. I personally

talked to Bachman lining up the final arrangements in order to insure that in addition to the others, the Chief of Police and the Assistant Chief of Police, and an inspector of the civilian police of Mare Island would all be arrested. Bachman coordinated the activity and did a splendid job in getting the United States Attorney's Office interested to the extent where they would go along with us on our over-all timing of arrests. The Resident Agent at Vallejo is Floyd B. Barma. He is responsible for coordinating the activity there, together with Supervisor of the Criminal Squad, Robert C. Kopriva, who lined up the arrests which were made. The key men, therefore, are Assistant SAC R. W. Bachman who personally handled the telephone calls with me on the matter and who was actually working in these cases, together with Robert C. Kopriva, Criminal Squad Supervisor, and Resident Agent Barrus. Under the circumstances, I would recommend that all three being the key men in the operation should receive letters of commendation.

### NEWARK OFFICE LETTERS OF COMMENDATION

At the Newark Office, we had the Camp Kilmer, New Jersey, arrests which resulted in the FBI picking up 16 personnel of the camp as well as persons receiving or assisting in the sale of the stolen property. Truckloads of Government-owned bed sheets were stolen from the camp. It was necessary, in order to key our East Coast activity to the Newark case to insure that it would be timed properly in accordance with our West Coast plans. The persons responsible for working up the case at Newark were the Resident Agents at New Brunswick, New Jersey. They are Reyal Alfred McGraw and Francis J. Lusky. In addition, the organization of the leads and pick ups as well as the over-all supervision was handled by Special Agent Edward D. O'Donnell, Jr., who is the Criminal Supervisor at Newark. In view of the alore-mentioned facts, it is recommended that letters of commendation be addressed to Edward D. O'Donnell, Jr., Oriminal Supervisor, Newark, and Royal Alfred McGraw and Francis J. Lusky, Resident Agents at New Brunswick, New Jersey.

### SEAT OF COVERENCE T

At the Seat of Government, Supervisor of the Theft of Government Property Deak, O. F. Myers, lined up the material which was used

Memorandum to Mr. Ladd

at the Seat of Government. He was familiar with the cases, got the material organized in such a fashion as to recognize the factors which could be most advantageously utilized and he, together with F. L. Price, Supervisor in Charge of the Criminal Section, coordinated the work In Supervisor in Charge of the Criminal Section, coordinated the work In line with our over-all plan. Myers worked closely with Supervisor Wick of the Crime Records Section in preparing the press release, in view of which it is recommended that Price, Myers, and Wick receive letters of which it is recommended that Price, Myers, and Wick receive letters of commendation for the excellence of their work at the Seat of Government.

There is attached hereto a copy of the press release which received excellent press and radio coverage. We were able to build up a story which got wide-spread coverage on two key cases and it was our plan to fill in by local releases cases of current interest and apparently the plan worked out very wall.

Those participating, as, indicated above, I believe should therefore receive letters of consendation.

ADDENDUM, 10/12/51:

I believe ur. Rosen should also be commended. He spark-plugged the entire program and was responsible for its successful handling.

ROBERT E. WICK SPECIAL AGENT EOD 7-20-42 GS-13, \$8560

Mr. Wick was assigned to my office on October 29, 1951. His responsibilities cover handling press inquiries, press releases, telephone calls on press releases, and such special assignments as may be given. In addition, he takes over the desks of Messrs. McGuire and Holloman when they are absent.

Mr. Wick has an unusually good background on the Bureau's activities. He has a good sense of judgment and and timing. He is on the cautious side but readily assumes responsibility. He has a very pleasant disposition and personality that is not only pleasing but enhances under pressure. I think that he is an above average employee with very definite possibilities for advancement in the Bureau's service.

I consider his services as excellent in every respect.

This Special Agent is a dogged worker and is especially valuable in connection with deadline projects which involve a lot of contacts with other supervisors around the Bureau. Special Agent Wick is felt to be definitely of SAC caliber but it is believed he should be kept in mind first for an opening as an Assistant SAC.

Inspector Harbo:

Mr. Wick has been in Crime Records for approximately two years and has worked considerably on press release matters as well as miscellaneous research projects. He has been in Mr. Nichols' office since October 29, 1951, where he is assigned to routine press inquiries, miscellaneous research, liaison with other divisions at the Seat of Government regarding press release matters, and aids in reviewing routine correspondence. His prior experience on press release matters and crime records should be of much assistance to him in his present assignment. He is conscientious, ambitious, and appears to possess sound judgment. He is definitely above average. I believe he is presently ASAC material. His dictation ability was rated as Very Good by the stenographers.

Dear Mr. Tick:

Your recent improper handling of a Press Release following the apprehension of a Bureau Fugitive has been brought to the attention of the Bureau.

In this instance you included as a factual statement an unverified assertion of the subject, which resulted in the issuance of a Press Release of potential embarrassment to the Bureau.

It should be distinctly understood that you should be meticulously careful in the performance of your official duties in the future and that failure to do so may result in more drastic administrative action.

Very truly yours,

## Office Memorandum • UNITED STATES GOVERNMENT

TO

L. B. Nichols

FROM SUBJECT:

PRESS RELEASE ON

FREDERICK EMERSON PETERS

Reference is made to Mr. Jones' memorandum to me dated January 31, 1952, concerning the press release made on the above-captioned person, to the effect he had at one time associated with a Cabinet officer. You observed that this was unother instance of failure to be accurate in our public statements. Who prepared the release and who checked it for accuracy?" The Director noted "This is atrocious Just why can't Nichols effect a setup to check such matters. Some of these times we will be the subject of a heavy damage suit & rightly so."

The background memorandum which was furnished with the press release at the time of Peters' apprehension on January 15, 1952, and which had been originally furnished to the wire services in June of 1951, at the time Peters was played on the Ten Most Wanted Fugitives list, was prepared in the Crime Records Section by SA Robert E. Wick. Ur. Wick's background memorandum was reviewed by Mr. Jones and transmitted in memo form over my signature to you on June 26, 1951, for approval prior to being furnished to Bill Hutchinson of the International News Service. Prior to my sending it to you it had been approved by the Investigative Division. — was nevered and appro

In preparing the original background information Mr. Wick noted that the incident involving dining at the home of a Cabinet officer in Washington, D. C., appeared in the report of SA John A. Murphy, dated October 30, 1937, at New York City, in the Frederick Emerson Peters' case. This New York report was a summary based on information in the files of the New York Office, and the incident referred to was picked up by the New Fork Office from the report of SA V. W. Gillen, dated June 5, 1935, at Chicago, Illinois, in the case entitled "Dr. Rogers, Impersonation." Both of these reports Mr. Wick checked and both reflect that the victim in the Dr. Rogers case, Dr. Rachel Yaris, on interview said that Dr. Rogers, an alias of Frederick Emerson Peters, said he was friendly with Secretary of the Interior Ickes and his wife and often visited at the Ickes home in Washington, being asked on many occasions to dinner at the Ickes Money As an outcome of this impersonation Peters secured \$50.00 from Dr. Yaris.

Memo to Mr. Tolson

February 1, 1952

Re: PRESS RELEASE ON FREDERICK EMERSON PETERS

When Peters was apprehended in New York City in 1937 he gave a signed statement regarding the Dr. Yaris incident and admitted the impersonation although no reference is made in his signed statement to his having been asked to dinner on many occasions at the Ickes' home. This information appears in Bureau File #47-9676-380, pages 6,7, and 8. Ickes, of course, was never interviewed to determine if he had ever known Peters or invited him to dinner at his home.

It should be noted that Agent Wick was thoroughly familiar with Ickes' background in view of a previous project on which he had worked, and noted many comments of Peters to Dr. Faris concerning Ickes and his wife were actually true. It is also noted that the Bureau had verified that Peters had in fact been invited to, and actually dined at, the home of at least one other prominent Government official, Luther White, Director of Prisons.

Agent Wick also noted in the file that Peters had admitted using the name of former Secretary of War Newton D. Baker in connection with his release from Atlanta Prison earlier in his criminal career. Baker's name, of course, was never used in the background information, although Peters' sentence actually was commuted by President Wilson which gave some credence to Peters' claim, and Agent Wick felt that in view of these instances of alleged contact with official Washington and Government people and his intimate knowledge of Ickes and family was sufficient to incorporate in the background memorandum a highly interesting angle on Peters' activities which added materially to the press value of the memorandum.

In writing the background this incident regarding the Cabinet officer was put in as a fact, and it should have been qualified as one of Peters' claims. While Peters is an inveterate liar, Wick's error of judgment in the manner in which the statement was phrased in the background memorandum is regrettable. In the preparation of the INS release Mr. Wick compiled comprehensive notes based upon his review of this voluninous file on Peters. In getting the release in final form based on his notes, through an inadvertence which Mr. Wick cannot explain, he made a factual statement concerning Peters' relationship with the Cabinet member and did not qualify it as he should have.

Memo to Mr. Tolson

February 1, 1952

Re: PRESS RELEASE ON FREDERICK EMERSON PETERS

I believe the sole responsibility for the accurate preparation of voluminous file reviews should rest on the Agent handling it. I think it is only right that in reviewing background memoranda such as these that we must rely on the accuracy of the reviewer unless there is something which on its face appears doubtful or a policy matter arises in connection with the background memorandum. We can not hold other reviewing officials fully responsible for original errors made in preparation and this is particularly true with regard to a character like Peters who has been involved in so many exploits of fantastic proportions. Wr. Wick fully appreciates the importance of accuracy in statements issued to the press and the possibility of a libel suit and he will be meticulously careful on any matters he handles like this in the future. Wr. Wick deeply regrets that this incident occurred.

The importance of accuracy in the preparation of background information is being made the subject matter of our Agents Conference to be held next Monday afternoon.

I think in this case no damage has been done but it is an excellent example of how seriously the Bureau could be embarrassed and be open to attack in a libel suit.

I have personally gone over this entire matter with Wick and pointed out the seriousness of not having attributed the reference in question to Peters. He fully understands and I am sure there will not be a repetition. I have criticising these memos for years trying to get more color in them in order to milk the human interest items dry.

Wick is unusually conscientious and a hard worker and I know he has already had a couple of sleepless nights. I recommend no further action.

a letter of consume should be directed to me wick 2/5 4.

Reference is made to SAC Letter No. 121, dated

December 20, 1951, Section A, suggesting the Bureau be advised
by January 15, 1952, of those Special Agents who should be
considered on a long range basis for development as administrators
and executives in the Bureau.

Messrs. McGuire, Holloman, Trotter, Jones, and Leonard, all of whom are of SAC caliber, are not being listed on a comparative basis.

The following Special Agent personnel assigned to the Records and Communications Division is so recommended:

- 1. Robert E. Wick, EOD 7-20-42, GS-13, \$8560 per annum. Mr. Wick has been assigned to my office since October. He definitely is a growing man, has executive ability, and after additional experience I think he should be appointed an ASAC with the thought in mind that he is SAC timber.
- 2. SA Edward C. Kemper, EOD 8-25-41, GS-13, \$8560 per annum. Mr. Kemper makes an excellent appearance, is a good mixer, and is ambitious to get ahead in the Bureau. He has an unusual amount of force and drive and is rapidly developing in administrative ability.
- 3. SA EOD 8-4-41, GS-3, \$8760 per annum. Mr. Carroll is outstanding in ability and experience in the Bureau. He has an excellent personality and is most aggressive. Carroll is an excellent public speaker. It is noted that Carroll at the present time has a large family and that Mrs. Carroll is in rather precarious health.
- 4. Wendell G. Eames, EOD as SA 6-22-42, GS-13, \$8960 per annum. Mr. Eames has always shown outstanding administrative capabilities as a supervisor in the Records Section and is particularly adept at personnel work. He makes an excellent personal appearance, is conscientious, hard working, and ambitious to progress in the Bureau's service. His development over the years has been excellent and I believe he is one of the best prospects for long range development the Bureau has had in this division.

- 5. SA Fred R. Youngblood, EOD 6-1-37, GS-13, \$8560 per annum. Mr. Youngblood has an excellent appearance, has a lot of native ability, and is very well versed in Bureau policy. He is an accountant. He definitely has administrative capabilities.
- 6. SA Arthur V. Hart, EOD 11-6-39, GS-12, \$8040 per annum. This Agent is a conscientious worker, appears to have a good deal of native ability. He has an excellent personality and is ambitious. He is relatively new at the Seat of Government, and is rapidly absorbing Bureau policy. I think he has excellent prospects for eventual development at the Bureau.
- 7. SA Thomas E. Bishop, EUD 6-30-41, GB-13, \$8360 per annum. Bishop makes an excellent appearance, is intensely interested in the Bureau's work, and I have been very favorably impressed with him, although he is relatively new in this division. I think he has latent prospects for further advancement as an administrator in the Bureau with further experience.
- 8. Lester Short, EOD as SA 7-21-47, GS-13, \$8360 per annum. Mr. Short makes an excellent personal appearance, is conscientious, hard working, and I believe has a great deal of native capability from which we can expect further development.
- 9. SA R. Bert/Carter, EOD 12-9-40, GS-12, \$7640 per annum. Mr. Carter has had varied experience in the Bureau, is single and available for assignment anywhere. Mr. Carter is now on probation as a result of mishandling of mail and has been transferred to Cleveland. I have a feeling that he will grow as a result of this action and I feel that he will develop and, in due time, if his record is what I think it will be, he should be considered for additional responsibilities.

Pursuant to the Director's memorandum of May 20, 1952, regarding Supervisors who should be considered for Assistant Special Agents in Charge, I wish to advise that Mr. Wick is exceedingly conscientious, industrious, and is above average in intelligence. He has improved materially both from the standpoint of judgment, personality, ability to make contacts and in the discharge of his duties. He is definitely worthy of future consideration and further development in the Bureau.

I have no hesitancy in recommending Mr. Wick for consideration as an Assistant Agent in Charge.

*GS-13*, \$8,560

Mr. Wick has been assigned to my front office since October, 1951. He was first assigned in the Crime Records
Section on January 10, 1946, and transferred to St. Paul on
May 19, 1947, due to a family situation. As soon as this cleared itself, Mr. Wick advised the Bureau and he was transferred back to the Crime Records Section on November 27, 1949. I know that his transfer to Washington cost him in the neighborhood of \$2,000 in view of a loss he took on his property which he sold in 1949 because of the urgent need to get rid of it before he left Minneapolis.

Wick is exceedingly conscientious. He has considerable ability. His loyalty to the Bureau is very refreshing. I think he is an outstanding man. He is ready any time now to be designated as an ASAC should an opportunity occur. I have recommended him in the past and renew the recommendation now.

Wick puts in considerable overtime and in the past 8 months has averaged 3 hours and seven minutes a day. A detailed record of each month's overtime is attached.

He is exceedingly tenacious and as an illustration of some of the outstanding iobs he has done is the recent rather perplexing problem regarding and ascertaining the identity of the writer of numerous letters to General Whitney.

In view of his assignment in my front office and the fact he has served over 4 years at the Seat of Government, I would like to recommend at this time he be reallocated to GS-14.

Misswas interviewed by Mr.
on June 24, 1952. On June 26, 1952, she personally
handed to the Director a letter which contained substantially
the same allegations which she had made to Mr.
The allegations consist mainly of two types, (1) repetitions
of those previously made and checked into thoroughly, and
(2) allegations newly presented. Mr. Naughten has now com-
pleted his inquiry into this, having interviewed all persons
against whom Miss makes new allegations. Since all
allegations Miss previously made have been checked
out, it was not necessary to reconsider them. Fr. Nauchten.
has interviewed present Seat of Government employees Robert E.
Wick and Mrs. present Minneapolis employees
E. N. Notesteen, Mrs.   and Miss!
as well as former Minneapolis employees and
Mrs The detailed results of these interviews
are attached as well as several pertinent memoranda which
were secured. This memorandum summarizes the findings.

SA Robert E. Wick, Supervisor, Records and Communications

alleged that on June 24, 1952, following her interview at the Dureau, Wick had inquired of her concerning the Minneapolis situation, stating that the Minneapolis Office was rotten when he was there primarily because of former ASAC Notesteen. Also that Wick had said that he had done much of Motesteen's work only to learnn Bureau procedure. Also that Wick had remarked how lazy and was, a matter which he, Wick, inefficient had taken up with SAC, Rhodes. Also that Wick had said he had wanted to take up the matter with Mr. which was not suggested by Miss volunteered by Wick.

had prepared a memorandum which is attached recording this
conversation with Miss for record purposes.

There is no reason to disbelieve SA Wick.
Miss allegations are felt to be untrue. There-

and unfortunately worded thought which she had phrased without
thinking of the implications in it. In her attached memorandum
she said that the reason for making the statement was

had Mrs. an excellent record in Sioux Falls and Minneapolis prior to her resignation November 25, 1950. Since reinstatement in Cleveland on April 9, 1951, she had an excellent record there and at the Seat of Government where she is a Supervisory Stenographer in the Domestic Intelligence Division. undoubtedly likes her work, particularly if the surroundings are pleasant. She apparently feels it keenly if there is any tension. She is certainly naive or she would not have made the statement in the letter that she had lost all respect for the Minneapolis Office. She was not discreet in writing this to a former Bureau employee. A letter of censure is recommended.

alleged that Notesteen had tried to build up close friendships with bureau officials to protect him in his inefficiency. In support of this she said that at Christmas in 1948 or 1949 Notesteen told her that he had just sent a gift of liquor to Mr. Clavin of the Bureau, had boasted about it, and made the statement, "Well, that ought to hold him for a while."

Mr. Glavin has not only branded this as an unmitigated lie, but Mr. Notesteen has also declared this to be an outright lie. Both Mr. Glavin and Mr. Notesteen agree that Notesteen has never sent any type of present at any time to Mr. Glavin.
Miss also alleged that Notesteen had shifted work to others and that Notesteen had told her, Miss to disregard the Inspector's instructions which involved the work assigned Notesteen.
Mr. Notesteen stated the allegations are entirely false.
Conclusion:
There is no reason to believe that Miss statements are true.
4. Inspector T. E. Naughten
In connection with the above allegations against SA Notesteen, wherein Miss stated that Notesteen endeavored to curry favor with bureau officials, Miss made the flat statement that on inspector Maughten's arrival in Minneapolis, Motesteen took Mr. Naughten home with him presumably to dinner. Both Mr. Naughten and Mr. Notesteen agree that this is a lie. At no time has Mr. Naughten been in Mr. Notesteen's home nor has he met any member of Mr. Notesteen's family, nor in fact has he had dinner or any other meal with Mr. Notesteen at any time.
Conclusion:
It can only be concluded that this is another instance of a lie in the teth of Miss
5. Mrs. presently employed Minneapolis Office.
Miss stated that in April, 1952. she ran into Mrs. who asked her why she, Miss had not accepted the position which the Bureau had offered to her since her separation and she indicated that she, had heard this from several employees in the Minneapolis Office. Also that Mrs. had never been questioned concerning the matter and she wondered why. Further that

Mrs. had said that everything had changed with the arrival of the new SAC and ASAC, the latter actually working.
Mrs. recalled having run into Miss and spending approximately ten minutes with her. She said Miss did practically all of the talking. Mrs. denied flatly making the statement attributed to her, and in fact told Miss that she had been instructed not to discuss this ratter with anyone. Mrs. recalled that as a matter of fact she had been interviewed by Inspector H. B. Long concerning several aspects of the matter, but did not even want Miss to know that much.
Conclusion:
There is every reason to believe Mrs. as against Miss and, therefore, it is concluded that Mrs. did not make the statements attributed to her by Miss
6. Miss presently assigned Minneapolis Divisoon.
Miss alleged that a former stenographer, Mrs. had told her that she, Mrs. had been informed by Miss that two employees of the Minneapolis Office, and had lied when they talked with the Inspector.
Miss advised that Miss statement is not true. She said that she had not made any such statement to anybody. She emphasized that she was on Annual Leave when the incident occurred and, because of her desire to keep out of it, had intentionally not interested herself in it. She said that she knows and is friendly with Mrs. but that she had definitely not gossiped with Mrs. concerning Miss

She had two months prior to her actual resignation spoken

GENERAL CONCLUSIONS AND RECOM UNDATIONS:

FORMER CLERK, MINNEAPOLIS OFFICE

For record purposes, Wick in my office while out to lunch the afternoon of Tuesday, June 24, talked with the above captioned on Pennsylvania Avenue between 9th and 10th Streets. She recognized Wick in the street and advised him she had that morning for two hours "poured out my troubles" to Mr. of the Administrative Division.

Wick was assigned to the Minneapolis Office from May, 1947 to late November, 1949, and while in that office served for approxia year during various absences of the SAC or ASAC. In that capacity he came into frequent contact with Miss \_\_\_\_\_, then assigned to the Chief Clerk's Office at the St. Paul-Minneapolis Office.

Miss after recounting the circumstances leading up to the termination of her employment by the Bureau in October, 1950, asked Wick to call Mr. \_\_\_\_\_\_ informing him that "I always did my work well, was a good employee, and you experienced no dif-ficulty with me."

Wick told Miss he was not familiar with any of her affairs since she did not leave the Bureau until October, 1950, nearly a year after Wick left Minneapolis, and he was not in a position to comment on the matter.

At 10:20 A.N. today, Miss called Wick on the telephone and stated "a tremendous number of lies have been told about me to the Bureau and it is only a question now of who is to be believed." She asked whether Mr. Wick had talked with Mr. and Wick informed her that her contact with him would be made a matter of record.

June 27, 1952 Inspector T. E. Naughten DATE: TO SA Robert E. Wick FROM ALLEGATIONS OF SUBJECT: Reference is mode to the letter dated June 25, 1952, to the Pirector from the above-captioned and to the 3-page attachment thereto. Specific reference is made to pages one and two of the attachment wherein ellegations are made concerning me and a conversation I had with Miss on the afternoon of Tuesday, June 24, 1952. Considered below are each of her allegations wherein statements are attributed to me. (1)Miss\_\_ states, "He inquired concerning me and this situation." As pointed out in a memorandu from Mr. Nichols to Mr. Glavin dated June 25, 1952, captioned, Miss Forner Clerk, Minneapolis Office, "at about 3:15 pm on Tuesday, June 24, while at lunch, I observed Miss on the street near the corner of Tenth and Pennsylvania, near the Ten-Penn Restaurant. She walked up to me and said, "Why, hello Mr. Wick." I said, "Hello, what are you doing in town?" She stated she had that morning for two hours "poured out my troubles" to Mr. who "was very nice to me." She talked to me from three to five minutes in all, she did all the talking, launching into a running account of her case and those involved in the Minneapolis Office. I broke in to tell her, "I left the office one year before you did and I am in no position to make any comment at all." She asked if I would inform Mr. she did her work well, was a good employee, and that I had experienced no difficulty with her. This request she repeated, at which time I told her our conversation would be made a matter of record at the Bureau. I broke off the conversation with her by stating I had not yet had lunch. (2) states, "He (meaning Mr. Wick) referred to the Mpls. Office when he was there (and I quote) as 'rotten'. The above statement attributed to me is absolutely false. I said nothing of the sort. During the first part of her conversation, while speaking of her troubles and how unfairly she had been treated, Miss herself several times used the word "rotten" in referring

**b**6

to the whole affair, although I am not certain she spoke of the Minneapolis Office itself as being "rotten." states, "He (meaning Wick) said it (3) Miss was so (meaning the Minneapolis Office is rotten) primarily because of Mr. Notesteen." lis absolutely The above statement by Miss false. I did not make this statement. The only reference made by me to Notesteen was after she made several references to him as having his feet on the desk and loafing. At that time, I asked her, "What is Ed (Notesteen) doing now?" She said, "Oh, don't you know, he is no longer ASAC and he is building a house." This is the only reference made by me to Notesteen. I did not deem it advisable to even attempt to state I did not believe what she said or make any comment for fear she would continue rambling indefinitely. Miss states, "I remarked that he (Wick) had done much of Mr. "otesteen's work, it having (4) Miss been routed to him and he said he had done so only because it gave him an opportunity to learn Bureau procedure in running an office." This is not true. I do not recall that any mention was made of my doing Notesteen's or anyone's work, nor did Miss \_\_\_\_\_ make any such reference to my doing an make any such reference to my doing anyone's work. She did state, however, during her rembling conversation, that when S.C Rhodes left town and Notesteen moved on to his desk, the latter would sit there with his feet on the desk and "when I would come in he would be asleep and everybody had to do his work." I made no comment concerning this statement. Miss states, "He (meaning Wick) remarked he remembered how hard I always worked." (5) Miss T made no such remark as attributed to me by Miss. During the three or four minutes that I stood on the street listening to her rambling, she made repeated references to the fact she, and she alone, had practically

I simply listened and said nothing.

run the Chief Clerk's Office single-handed. She mentioned she never did get along with Chief Clerk

nor any of the other girls in the office.

Memorandum to Inspector T. E. Naughten

June 27, 1952

(6) Miss states, "He (meaning Wick) also stated, to my utter amazement, that he remembered how lazy and inefficient Miss was and that he had taken this very thing up with Mr. Rhodes. He did not say what the SAC's reaction was and I did not ask.
herself brought up the subject of Miss in referring to the work in the Chief Clerk's Office as indicated above. I asked, "How is she?" Miss said, "She is merried and has a baby." I made no other mention of Miss It is my recollection the name of SAC Rhodes was not mentioned by Miss and I know I did not mention it inasmuch as I was anxious to terminate the conversation as quickly as possible.
(7) Miss states, "He (meaning Wick) stated further that he wanted to talk to Mr. about me and for me to call him. This was no suggestion of nine, though I thanked him."
As noted above. Miss twice asked me whether I would talk with Mr. about her efficiency in the office. I specifically avoided answering her directly and simply stated on two occasions her neeting with me would be made a matter of record. As noted in the memorandum from Mr. Nichols to Mr. Glavin, Miss called me at 10:20 am on Wednesday, June 25, 1952, asking whether this matter had been taken care of. At that time, in a conversation lasting not more than 15 seconds, I informed her in a curt manner that her contact with me had been made a matter of record. She thanked me and I hung up.
CONCLUSION
While I am not in a position to state whether Miss is possessed of a mental deviation, I am of the opinion she definitely has a fixation upon forcing the Bureau to reemploy her. She seemingly engages in fantasy to the point she firmly believes her own words. Based upon my chance meeting with Miss on the street the afternoon of Tuesday. June 24, 1952, I can definitely say that to my knowledge, Miss has told untruths in her letter to the Director dated June 25, 1952. The remarks attributed to me were not made by me. It would appear she has made up from whole cloth the entire meeting. I tried only to be polite, courteous and gentlemanly to her; I listened and asked a few questions.

Special Agent Supervisor

Mr. Nichols' Office;

REALLOCATION

There is attached a permanent brief of Mr. Wick's file which reflects he entered on duty as a Special Agent on July 20.

1942 and is presently in Grade GS-13. \$8560 per annum, having been promoted to that grade on July 11, 1950. He is 41 years of age, married and has three children. He is a legal resident of Falls Church, Virginia, although he originally comes from Minneapolis, Minnesota. He has no office of preference. He has a Bachelor of Arts Degree. He has served in a number of divisional offices and has twice served as a Supervisor in the Records and Communications Division, particularly the Crime Records Section, he having been transferred to the Crime Records Section the last occasion on November 27, 1949. He has a total of over four years' service as a Supervisor at the Seat of Government at the present time. He has an excellent record in the Bureau's service.

By memorandum dated July 11, 1952, Mr. Nichols recommended Mr. Wick for reallocation to Grade GS-14, pointing out that Wick is assigned to his front office and serves as #3 Man in the front office. He described Wick as being exceedingly conscientious, having considerable ability and felt that he was an outstanding man and that his loyalty to the Bureau was very refreshing. Mr. Nichols pointed out that Wick puts in considerable overtime and in the past eight months has averaged 3 hours 7 minutes per day.

I feel that Mr. Wick's position is of sufficient importance that it should be allocated to Grade GS-14 and since it appears there is no question that Mr. Wick is doing an outstanding job in that position, he should be reallocated to grade GS-14 at this time.

OFFICE OF PREFERENCE:

#### ASSISTANT TO THE DIRECTOR L. B. NICHOLS:

Mr. Wick has been assigned in my front office since October 29, 1951. Mr. Wick's primary responsibility is to answer press inquiries and handle special assignments. He is exceedingly conscientious. He has done an excellent job. He is competent for additional responsibility and, in fact, I would now recommend him for consideration as an Assistant Special Agent in Charge as I think his meticulous attention to detail and his knowledge of public relations matters would materially strengthen the field.

#### INSPECTOR VECHERY:

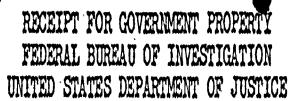

Wick has a great deal of natural ability, seems to apply good judgment on matters which he handles and is able to get things done. He is taking on an increased amount of work which Mr. Nichols had previously handled. Wick is far above average and should be given serious consideration for assignment as Assistant Special Agent in Charge of a medium size office. I think he is ripe for advancement and do not hesitate to so recommend. His average overtime for the period August through October 1952 was 2 hours 58 minutes.

#### SYNOPSIS:

Explanation submitted, pursuant to your request, for delay in submitting exit interview form covering 10-17-52, resignation letter of above-captioned employee. Letter received 10-20-52, matter discussed with employee who offered at least three conflicting reasons for resigning. Suggestion made employee might desire resign before 11-7-52; employee did not make up mind finally changing reason again after exit interview submitted 10-28-52.

#### DETAILS:

Reference is made to your note to me dated 11-4-52, with regard to the delay in submitting the exit interview of the above-captioned employee in my office, who is resigning effective 11-7-52. You asked for an explanation and the Director commented: "This is inexcusable delay."

I am informed by Mr. Wick who handled the matter that he received the resignation of Miss on Monday, 10-20-52. He brought it to my attention that day and I instructed him to discuss the resignation with Miss pointing out to her that in the event she had a desire, prompted by her reason for resigning, to leave prior to the close of business 11-7-52, we would so recommend. This was done because I felt we could dispense with her services before November 7, in the interest of economy.

The delay in submitting the exit interview was occasioned by our desire to pin point Miss reason for resigning since she first stated on Monday, 10-20-52, that she wanted to continue schooling. On Tuesday, the next day, Wick suggested to her an earlier resignation date might be arranged if she desired and she stated during the discussion, she would think about it but needed a rest after leaving the Bureau and might not attend school in Mississippi after all.

On October 23 and 27, Miss took 6 hours of sick leave to visit the dentist. Wick says he sensed she had other reasons for

REW: 20 NOV 21

11-5-52

Memo for Mr. Tolson RE:

resigning than those stated by her, and on two or three occasions, when the opportunity presented itself, he had asked her whether she had made up her mind. Finally on October 28th, she said she desired to leave as of the close of business 11-7-52, as originally stated in her letter dated 10-17-52. It was her intention now, she said, after thinking it over, to go home to Mississippi, rest, and then continue her schooling. On that basis Wick submitted the exit interview October 28, still not completely satisfied, he says, she had given her true reason for resigning.

On October 31st, before taking another 3 hours of sick leave Miss told Wick she had again thought it over and now believed she would not attend school but would get married. She said, however, she had not quite decided.

We were operating in the handling of this matter with belief and understanding the exit interview is designed to ascertain the real reason for the resignation. The exit interview was initialed at a time when we attempted to conserve personnel and we did not feel it mecessarily must be submitted at the same time as the resignation letter, however, submission of both the resignation letter and the exit interview simultaneously is highly desirable.

Wick tells me it was his judgment he should do his utmost to ascertain the real reason for the resignation and attempt at the same time to pin down the date Miss desired her resignation effective. During the seven working days of delay, the opportunity to resolve the matter simply did not present itself since conflicting reasons for resigning were continually advanced subsequent to the receipt of the resignation. Still another reason was advanced, of course, following submission of the exit interview.

Wick understands the necessity for prompt handling of these matters, he regrets his action in this instance and assures me it will not happen again.

ADDENDUM: 11-6-52 JJM:ptm

All Exit Interviews in this Division are to be handled by the Personnel Counselor in the Division or by two personnel assistants. This matter is being brought to the attention of all Units in this Division so that Exite Interviews will be submitted at the same time as the letter of resignation and will be handled through the Personnel Counselor or the assistants and not by the Unit Head in which the employee works.

#### MEMORANDUM FOR MR. TOLSON

In connection with the Smith Act apprehensions this morning, I do not believe I have ever seen a more difficult situation arise from the standpoint of handling the press release. There were apprehensions at 16 different points from the Midwest to the far West. The time differential, of course, made simultaneous arrests impossible.

while it was hoped that 18 Communist leaders would be arrested—and 18 were finally arrested—it should be remembered that three had been underground for some time. There were some calculated risks that had to be taken, particularly in Detroit, and while the Detroit plans went haywire for a 9 a.m. release, the Detroit Office had anticipated this possibility and was able to apprehend two of the individuals who had been lost during the night.

I think the fact that three of the individuals were literally lifted out of the underground will have a tremendous psychological effect on the Party.

I know that Mr. Ladd and Mr. Belmont have been giving this matter a great deal of attention and Mr. Belmont was at the Bureau until midnight last night, as I saw him leave. His group was down here at 7 O'clock this morning.

Messrs. Wick, Murphy and Kemper in my office, I thought, did a good job from the standpoint of getting the material ready.

I would like to suggest, in view of all the work that has gone into this and the details of the apprehensions, that some consideration be given to a general commendation to the three SAC's and the Domestic Intelligence Division. Nothing as yet has appeared to be wrong except my failure to get to the Director the general scheme of the excellent handling of the press.

I have kept in close touch with this whole matter, and yesterday morning, personally dictating a memorandum on this and I gave it to Mr. Ladd early yesterday afternoon, at the

time we were talking about the Kansas City election fraud case. Mr. Ladd did not have the time to read it at that moment and had to take the Sub A files to the Director's office. He returned it to me with his approval at 6:04 last evening. I was tied up on other matters and there was a slight delay before I routed it to your office. As it was, we had to completely revamp everything, so the proposals last night did not hold good this morning.

The actual phraseology of the press release had been pretty well set by pattern in previous cases and there was no policy involved in the matter. I did ask the Director personally about Mullen's statement that the Attorney General was going to be on television and the newsreels at noon today and his suggestion that the Director drop by yesterday afternoon. I regret that I did not get the proposed plan to the Director yesterday afternoon. I should have done this.

Admitted this date with diagnosis of:

DU (Surgical observation) #7955

1-15-53

Diagnosis changed this date to:

Hernia, inguinal, indirect #5602

**OPERATIONS:** 

1-15-53

Hernioplasty, right inguinal. #302

#### SUMMARY:

This patient complained of intermittent pain and tenderness in the right groin for about one and one-half years, worse duringthe six weeks prior to admission. The pain was aggravated by exertion and by distension of the bladder. Physical examination was negative except for a right inguinal hernia of fairly small dimensions, and the routine laboratory studies were normal. Surgery was performed on 1-15-53 under spinal anesthesia, at which time an indirect sac was ligated high and removed; a patent processus vaginalis was opened and partially resected, and a protruding lipoma also removed. The floor of the inguinal canal was reconstructed by a Bassini repair. The postoperative course was uneventful, with good wound healing and no untoward symptoms. The patient felt well at the time of discharge from the hospital, to be followed further as an out-patient.

Mr. Robert B. Wick Federal Bureau of Investigation Washington, D. C.

Dear Mr. Wick:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on December 11, 1952.

This report reflects that you have defective vision of 20/25 in the right eye and 20/40 in the left eye, corrected to 20/20 in both eyes.

There is enclosed, herewith, a copy of the results of an Orthopedic consultation afforded you on February 26, 1953, in connection with a pain in the right shoulder on elevation above the head. This examination revealed chronic bursitis and tendonitis for which it is noted that treatment was prescribed on March 12, 1953, and it is also noted that you will continue to be examined at the Naval Hospital. The examiner advises that you have no limitations as a result of this condition. You should advise the Eureau of any change in this regard.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your further information, the electrocardiogram afforded you was found to be normal.

Sincerely yours,

CC-Mr. Nichols

Dear Mr. Hoover:

On behalf of the Inter-American Defense Board, I would like to thank you for making possible the tour of the Federal Bureau of investigation Headquarters by members of this organization. The visit was most interesting and very beneficial in furthering the spirit of friendship and cooperation among military representatives of the Western Hemisphere nations.

I should like to commend the superior work of Special Agents Robert E. Wick, Dwight Dalby, and George Peet. Mr. Robert E. Wick Federal Bureau of Investigation Washington, D. C.

Dear Mr. Wick:

The Bureau has recently received a letter from an individual who was a guest on an FBI tour, and he has enumerated a number of criticisms which in his opinion rendered the tour of very low caliber. His criticisms included the comment that the tour leader was entirely unfit for such an assignment, handled it very poorly and his discourse was most unsatisfactory as to its contents so that as a result the guests quickly lost interest and were reduced to boredom.

It is apparent that the comments of this correspondent only serve to call attention to serious deficiencies which have existed in the supervision of Bureau tours, the selection and training of the tour leaders and the preparation of the subject matter. It was your responsibility to see that these short-comings did not exist and in this respect you failed. It is expected that you will display greater initiative and more careful attention to the proper performance of your future assignments so that there will be no reason to criticize you for similar derelictions.

Mr. Wick has excellent Bureau background and experience. He makes a good impression. He is industrious, sincere and conscientious. He has grown in the past year and will continue to grow.

I consider him above average, His field experience, together with his periods at the Seat of Government admirably equip him for advancement in the field. I would not hesitate to recommend him for assignment as an Assistant Special Agent in Charge.

TO : Mr. Toslon

DATE: April 3, 1953

FROM : L. B. Nichols

SUBJECT: SPECIAL AGENT PERSONNEL

TO BE CONSIDERED FOR

ADVANCEMENT IN THE SERVICE

In considering the Special Agent personnel assigned to the Records and Communications Division who should be considered for further advancement in the Bureau, I am not setting forth any comments regarding Inspector J. J. McGuire, Special Agents F. E. Crosby and Robert E. Wick of my office or on Unit Chiefs A. E. Leonard of the Statistical Section, M. A. Jones of the Crime Records Section, F. W. Waikart, Supervisor in Charge of the Administrative and Personnel Records Section or on Section Chief W. G. Eames of the Records Section. All of these men have either run field offices or been Assistant Special Agents in Charge or have been operating large sections here at the Seat of Government and their capabilities have been demonstrated.

#### SPECIAL AGENT PERSONNEL RECOMMENDED FOR ADVANCEMENT NOW:

The following Special Agents are recommended for further advancement in the Bureau's service now and are available for service anywhere:

Special Agent Arthur V. Hart, EOD 11-6-39, GS-13. Mr. Hart makes an excellent personal appearance and has had a great deal of Bureau experience. He has consistently done a betterthan-average job and could satisfactorily function as an Assistant Special Agent in Charge of a small office.

Special Agent EOD 12-16-40, GS-13. He makes an exceptionally good, mature physical appearance, is a hard worker and has excellent perspective and depth of thought. I recommend him for consideration as an ASAC.

Special Agent Thomas E. Bishop, EOD 6-30-41, GS-13. Mr. Bishop has had wide investigative experience, is energetic and is highly intelligent. His progress at the Seat of Government has been excellent. I believe he is potential SAC caliber. I recommend him for sonsideration for an ASAC position.

Memorandum for Mr. Tolson

RE: SPECIAL AGENT PERSONNEL TO BE CONSIDERED FOR ADVANCEMENT IN THE SERVICE

Special Agent Edward C. Kemper, EOD 8-25-41, GS-14. Mr. Kemper makes an excellent personal appearance, is enthusiastic, has a lot of drive and determination and has matured in Bureau assignments very rapidly. His work has been outstanding. He is definitely SAC caliber. At the present time, in view of the heavy tour season, he is assigned exclusively to the operation of Bureau tours. On a long-range basis, he should become one of the better SACs in due time.

Special Agent L. E. Short, EOD 7-21-47, (Clerk 6-16-41) GS-13. Mr. Short makes an excellent personal appearance and has been doing an outstanding job in the Records Section handling personnel matters. He is loyal, enthusiastic and aggressive. He is definitely SAC caliber. While he is capable now of functioning as an ASAC in the field, his current assignment in the Records Section I believe renders his services more valuable to the Bureau in his current position.

#### SAC CALIBER BUT NOT IMMEDIATELY AVAILABLE:

Special Agent Dwight J. Dalbey, EOD 12-2-40, GS-13.
Mr. Dalbey makes an excellent personal appearance, is intelligent and resourceful. I have previously recommended him for ASAC and he is definitely capable of functioning as such, however, Mr. Dalbey is currently endeavoring to adopt a child and in view of legal requirements for residence purposes, he has asked that he be permitted to stay in his current assignment until the adoption technicalities are completed. I will advise the Bureau of Mr. Dalbey's availability for transfer when the adoption matter is clarified.

Special Agent EOD 8-4-41, GS-14.

Special Agent has been one of the best qualified Special Agents we have had in this Division. He does an excellent job on everything he handles and could function as an SAC without any difficulty. Mr. however, has a large family and his wife's health militates against any move at this time. He is a very definite asset to the Bureau and I feel he is far more valuable in his present assignment than functioning as an ASAC in the field. Because of his definite capabilities, I am listing him since he has all the desirable qualities for an SAC position.

RE: SPECIAL AGENT PERSONNEL
TO BE CONSIDERED FOR
ADVANCEMENT IN THE SERVICE

#### FOR FUTURE LONG-RANGE DEVELOPMENT:

The following Special Agents are recommended on a long-range basis for future development in the Bureau:

Special Agent D. M. Brown, EOD 2-16-42, GS-13. Brown has had long experience in the Bureau. He is in charge of the Correlation Unit in the Records Section and has done an effective job. He is entirely reliable and should continue to develop.

Special Agent F. H. Freund, EOD 4-22-46 (Clerk 7-22-40), GS-12. Mr. Freund is an excellent Agent having a solid background of experience. His work in the Records Section in the Classifying Unit has been outstanding. He has just been with us in this Division about a year and I look forward to Freund becoming one of the outstanding prospects in this Division for long-range development.

Special Agent Donald G. Hanning, EOD 1-6-47, GS-12. Mr. Hanning has just been in this Division for two months. He makes a good personal appearance, has a good record in the field and appears to be making above-average progress. With further experience at the Seat of Government, he should develop rapidly.

Special Agent Harold P. Leinbaugh, EOD 10-20-47, GS-12. Mr. Leinbaugh makes a good personal appearance, is qualified as an Inspector's Aid and his work generally here has been satisfactory. He needs additional supervisory experience, however, I believe on a long-range basis his latent capabilities will be further demonstrated.

Special Agent George M. Peet, EOD 11-3-47 (Clerk 2-9-42), GS-13. Mr. Peet presents a good personal appearance, is enthusiastic and energetic. He should continue to develop with additional Seat of Government experience.

Special Agent EOD 4-19-48 (Clerk 6-10-40), GS-13. Mr. makes an outstanding personal appearance and has been doing a highly satisfactory job in the File Review Unit of the Records Section. His development while at the Seat of Government has been most rapid and in due time with more experience, he should be able to function as an ASAC in the field.

RE: SPECIAL AGENT PERSONNEL TO BE CONSIDERED FOR ADVANCEMENT IN THE SERVICE

Special Agent J. B. Engelstad, EOD 1-10-49, (Clerk 8-25-41), GS-12. Mr. Engelstad makes a good personal appearance and has been doing an excellent job in the General Index Unit in the Records Section. He is one of our newer men in that Section and has been developing most satisfactory. His prospects for the future are bright.

Special Agent J. W. Marshall, EOD 7-25-49 (Clerk 7-6-42), GS-12. Mr. Marshall has an excellent potential for developing in the future. He has been very effective in his administrations of the Filing Unit of the ecords Section, the largest Unit in the entire ecords Section. His development has been rapid and his work in the iling Unit has been most effective. I look forward to Marshall's rapid rise in the Bureau.

Special Agent Elmer Todd, EOD 12-11-50, GS-10. Mr. Todd makes a very good personal appearance. He has a good background in Bureau work, although he is quite new in this Division and at the Seat of Government. He will need much more supervisory experience here at the Seat of Government, but I feel he will absorb this rapidly and should ultimately build himself an outstanding record.

Special Agent EOD 1-15-51, GS-10.

Mr. has an excellent background and while he has not had extensive field experience, his progress in the Crime Records Section has been very rapid, probably due to his previous newspaper experience. He will need additional conditioning here at the Seat of Government but he does have the native intelligence, ambition and enthusiasm to carry him along much further in the Bureau.

Special Agent George W. Gunn, EOD 2-5-51, GS-10. Mr. Gunn makes a good personal appearance, is extremely persistent and he approaches his work in a dogged, deliberate fashion and while relatively new in the Bureau, his potentialities for ultimate development in the Bureau are very good.

Special Agent James T. Murphy, EOD 3-5-51, GS-10, Special Agent Murphy makes a good personal appearance and does rather well on contact work. He is quite new in the Bureau but has been developing very rapidly. On a long-range basis, some of the rough spots can be smoothed out and I think Murphy's progress ultimately in the Bureau will be highly satisfactory.

Memorandum for Mr. Tolson

RE: SPECIAL AGENT PERSONNEL
TO BE CONSIDERED FOR
ADVANCEMENT IN THE SERVICE

#### SPECIALISTS:

The following list of Special Agents are all doing excellent work in the Records and Communications Division and in View of their paricular personal background and capabilities, they are in the nature of specialists whose services are much more important to the Bureau as a whole in their present position then in field assignments:

Special Agent B. M. Suttler, EOD 7-6-36, GS-14. Mr. Suttler's experience and background well qualify him for his current assignment wher at the Seat of Government to handle special matters in this Division and his qualifications are will known in contact work and representing the Bureau at public gatherings.

Special Agent O. G. Medler, EOD 8-3-31, GS-13. Mr. Medler in the Routing Unit of the Records Section is a technician whose assignment to the Records Section places him in a position wherein his services at the Seat of Government serve the best interests of the Bureau.

Special Agent	EOD 11-4-40, GS-13.
is an outstanding man in the Reocrd	s Section and has
handled the Classifying Unit in an effecti	ve manner. His
place is here at the Seat of Government du	
casualty in the war received a shra	pnel wound in his eye
which detracts from his personal appearance	e. His development
here at the Seat of Government will continu	ue to show favorable
progress.	

Special Agent EOD 8-30-48, GS-12.

Mr. has had rather good experience, is a hard worker and has shown unusual capabilities in research in the Crime Records

Section. He is rather small physically, which detracts from his personal appearance. His research w rk, however, here at the Seat of Government has been satisfactory.

Memorandum to Mr. Tolson

Special Agent Fern C. Stukenbroeker, EOD 11-16-42, GS-14. Mr. Stukenbroeker is primarily a research man who has a very distinct flair for original writing. His background is particularly good for this type of work. He is intelligent, enthusiastic and has shown great promise as a specialist in this function in the Crime Records Section. His physical appearance is average and I believe in view of the highly specialized qualifications he has for this type of work the Bureau is benefitted most by his assignment here at the Seat of Government.

To explain, in response to Ur. Tolson's inquiry, why Congressian Martin was addressed as "My dear Congressian."

#### DETAILS:

OFICINAL FILED

Under date of September 29, 1953, SAC Kelly of the Distin Office advised the Director of a recent contact with Congressman Martin and of the most favorable comments of the Congressman with regard to the Aureau. This letter was received in Orime Records on October 2nd and on the same date a suggested letter to the Congressman was prepared by Special Agent H. L. Long of this Section expressing appreciation. The salutation used was "My dear Congression." Hiss a steno grapher of Grine Records, handled the distation on this letter.

#### TYORE PERCONSIBLE AND EXPLANATIONS:

1. Stenographer EOD 8-11-52

*ds-3, €2950* 

There is attached a penorandum of explanation prepared by this employee. as was her responsibility, appropriately checked the mailing list. On the mailing list there were two cards, one for Congressman Martin which was filed first and then a second card for a Dedford, Massachusetts, patrolman also named Joseph W. Martin, Jr. As indicated, Miss noted the second card and called it to the attention of the dictator. When told that this was not the proper individual she rechecked but failed to note the card on Congressian Martin Nichols which was in its proper place. It is bolieved that iliss Belmont—was evidently careless in this regard, for the card on Congression Clear Lartin showed the salutation as "Dear Joe."

2. Special Agent FOD 12-11-50 CS-11: \$5940

In connection with this matter, Mr. observes that he recalls telling Miss that the patrologn named Martin was not the proper party and that she should recheck and upon receiving a negative response from her on the second check he prepared the letter with the usual salutation, being aware of the fact that the mailing list is supposed to contain the proper salutations for the good friends of the Bureau.

Mr. who has been in Crime Records only for approximately six months, states that he does not recall having written Congressman Martin before and that he had no personal knowledge as to the proper salutation. While Mr. of course, could have checked the file it seems reasonable in this instance for him to rely upon the accuracy of the stenographer.

#### ACTION TAKEN:

I have talked over this matter at some length with both Miss and Mr. I impressed upon the former particularly the importance of accuracy in matters such as this and the necessity of being careful in the future.

Dear Mr. Wick:

C:pbc

It has been noted that on a recent occasion you reviewed and approved an outgoing letter addressed to a prominent Congressional leader although this communication did not contain the salutation which existing Bureau instructions require be utilized when addressing this particular official. Errors such as this, if undetected, could prove very embarrassing to the Bureau and you were seriously at fault in your failure to detect and correct the mistake.

It is essential that the utmost care be exercised by supervisory employees in reviewing nateers of this nature in order that existing requirements may be met and you will be expected to see to it that you are not again responsible for any similar negligence.

SUBJECT:

ROBERT E. GS-14 \$9600 EOD 7/20/42

Assigned Nichols' Office

Mr. Wick on October 8, 1953, received a call from Forest Frank, Executive Director of the City Charter Committee. Frank inquired concerning regulations under which the Bureau operates with respect to releasing security information on city officials and employees. Under date of October 8, Frank, in a letter to the Bureau, states he is writing to confirm a conversation with Wick, at Wick's suggestion. He then quotes Wick as saying "our files are confidential and available, only to authorized agencies of the Federal Government, such as the Treasury Department, Secretary of Labor, and authorized committees of Congress." Wick denies making this statement and certainly denies making any reference to authorized committees of Congress.

Frank also quotes Wik as stating, in response to a question whether the FBI on its own initiative would pass on to a city official information with regard to subversive affiliation of a city employee, "We would not. We are not empowered to give out a report even on request by a city official." Frank further states that the purpose of the letter is to confirm information given by Wick that the kind of information mentioned is not available to municipal officials by the FBI under any circumstances. Wick did say that the FBI is not/ empowered to make FBI investigative reports available to city officials.

It is significant that the manner in which Wick is quoted in Frank's letter is quoted identically by Leonard M. Sive, President of the City Charter Committee, in the Cincinnati Enquirer dated October 10th. Sive then proceeds to make the point that the House Committee on Un-American Activities is an authorized committee to receive FBI files and reports.

cc: Mr. Glavin

LBN:MP

OCT 221953

Congressman Gordon Scherer of Ohio has taken issue with such statements as the House Committee on Un-American Activities does not get files from the FBI.

While Mr. Wick stated he was suspicious of Frank, as soon as his suspicions were aroused, he should have bluntly told Frank he could not see Mr. Frank, that he, Wick, was not going to be answering speculative questions without knowing all of the details and he was not going to comment further and then let Frank put his query in writing.

Wick also denies he told Frank to write the letter of confirmation, but admits he told Frank if he had any information, then he should write. I have no doubt as to Mr. Wick's statements to me as to what he said and did not say. It is obvious that he has been misquoted. At the time of the Frank call Wick had no knowledge of the controversy in Cincinnati, he had no knowledge of the Sydney Williams case nor did Frank give Mr. Wick any inkling of this. In discussing this matter with Mr. Wick, who feels very keenly about the manner in which he was misquoted, he tells me that he prolonged the conversation since he felt there was something in the background that bore upon the Bureau's work and he was trying to draw Frank out as to what Frank knew. Frank, however, declined to mention any names.

#### RECOMMENDATION:

I recommend Wick be censured and placed on probation.

## Sive Puts It Up To Scherer In Background Of Planner; **FBI Confidence Supported**

Leonard M. Sive, president of the City Charter Committee, said yesterday that Rep. Gordon H. Scherer should know that the Federal Bureau of Investigation never presents its reports to mu-nicipal officials. His observation came in a statement in answer to the de-

statement in answer to the de-nial of Mr. Scherer that he had any knowledge of the background of Sydney Williams, former city planning director, before it was revealed by Councilman Doug-lass M. Allen.

Mr. Scherer contended in an answer to Mr. Sive's charge that the information had come from

strictly confidential and are available only to authorized executive agencies of the Federal government, such as the Treasury De-partment, Secretary of Labor and authorized committees of con-

gress. "One such authorized committee of congress, I need hardly point out, is the House Un-American Activities Committee, of which Mr. Scherer is a member."

Mr. Sive continued that while Mr. Scherer "is in the mood to 'deny' things, here are some facts that capnot be denied."

that cannot be denied:
"(1)—The House Un-American

ROBERT E. WICK EOD 7/20/42 GS-14, \$9800

Mr. Wick is one of the most conscientious supervisors in the Records and Communications Division. He is industrious and takes all of his assignments very seriously. He has had excellent experience, both in the field and at the Seat of Government. His appearance has improved materially. I certainly would not hesitate to recommend him for consideration as an Assistant Special Agent in Charge. During the past rating period Wick was censured for improperly clearing a letter prepared elsewhere. He was placed on probation on October 19, 1953, for improper handling of a telephone call. He was removed from probation on November 25, 1953.

BASIL KINGSLEY BECK, was .- FUGITIVE IO NUMBER 2681, UFAP-BURGIARY TEN MOST WANTED FAROR IN WRITE-UP ON MURDER COMMITTED BY SECK IN PHILADELPHIA. CEPTEMBER 21. 1953

BACKGROUND:

Tack was released on the Tap Ten program 3/1/54. write-up of material on Beck, it stated that Beck was charged by Philadelphia authorities in a warrant for the killing of an individual on September 30, 1953. This should have been September 21, It should be noted that no Bureau process is outstanding on this billing and that this material was added to the write-up for the sale purpose of giving it color. Thus, the error, while regrettable, was not with regard to a basic matter. It should be noted further that this error was caught 2/27/54 by Mr. Wick of your office prior to the release of the material and that absolutely ne harm has been done, although material containing the error was sent to the field. The Philadelphia and Kansas City Offices were notified of the error 2/27/54 as were the three wire services.

CARRETOUND OF THE ERROR

prepared the driginal material on Beck which reflects the date as September 30, 1953. In doing the original restarch, he took the date from a teletype from Philadelphia dated October 9, 1953. Unfortunately, in reading the teletype he took the date September 30 which was the date of a Wanted Flyer put out by the Kansas City, Missouri, Police Department dealing with a murder at Eansas City on September 12, 1953.

submitted to Philadelphia on February 8, 1954, and they advised by Air-Tel dated February 10, 1954, the release was correct so far as his activities in Philadelphia were concerned.

#### MITIGATING CIRCUMSTANCES:

working employees in the Crime Records Section. He has an A.B. degree and will graduate from Georgetown Law School this June. He is very much distressed over this error and realizes fully that material such as this must be accurate in every sense of the word.

Special Agent Heim has been handling the Top Ten program since April of 1952 and has done an outstanding job. This is the first error that has occurred in any of the material which he has handled in connection with this program. It should be noted that this was the 39th replacement on the Top Ten program that this Agent has handled and I feel that it is remarkable indeed that the program thus far has run so smoothly and without any errors.

#### ACTION TAKEN:

The Philadelphia Office was requested by Supervisor Wick of your office this past Saturday to submit an explanation and appropriate correction is being sent to the field by separate memorandum.

#### RECOMMENDATIONS:

censured for his failure to do the original research on Beck with adequate care.

(2) It is further recommended that Supervisor Lawrence J. Heim, who is responsible for the project in the Crime Records Section, be censured.

(3) It is recommended that I be censured as Chief of the Crime Records Section inasmuch as I am responsible for all of the work done by the men in this Section.

Mr. Robert E. Wick Federal Bureau of Investigation Washington, D. C.

Dear Mr. Wick:

I want to take this opportunity of extending to your son, Peter, and you my heartiest congratulations on his much-deserved recognition in being awarded the vacation trip to England. This certainly is a wonderful recognition for a young man of Peter's age. I have been informed of the fine assistance which he has had and which no doubt has been most helpful in his successful venture.

I know Mrs. Wick and you must be very proud and I hope that Peter will have a wonderful trip.

With best wishes and kind regards,

Note: Peter Wick, age 13, was awarded a two-week all expense paid trip to England by the Washington Post and Times Heraid. 1954
Young Peter is a carrier boy. The trip is being sponsored by the American Weekly and boys from 24 of the large metropolitan dailies are going on this trip. Wick is assigned in my office and he has been following the habit of getting up to the morning at 5 a.m. and going out on the route with Peter in order to be with him, which is indeed a most commendatory thing.

Dear Mr. Hoover:

You have indeed given my son, Peter, and James Penrod, ample reason to regard themselves as the luckiest boys "in the whole world," as they expressed it.

Your action in greeting the two "Junior Ambassadors" July 7, 1954, having a picture taken with them and sending me a congratulatory letter July 2, 1954, is greatly appreciated.

My wife and I, of course, are pleased that Peter will tour the British Isles. We are more gratified, however, to know he measures up well with other boys and, because of it, now has this opportunity.

I wish to thank you for taking the time to greet the boys. You gave them good advice; the rest is up to them.

Sincerely yours,

Robert E. Wick

SUBJECT:

FROM

You requested an explanation as to why I was unavailable last evening and as to why the Smith Act material on Denver was not contained in the cabinet in the front office.

Since yesterday was an extremely hot day we had the windows and doors of our home closed all day, and at 7:30 p.m. my wife and I went outside to stake up wilting plants and flowers. We came back into the house at about 8:15 pm. At 8:25 p.m. Ed Reddy of the Domestic Intelligence Division called advising me of the arrests at approximately 7:25 p.m. our time.

I recognize that I should have heard the phone if it rang and since I did not I was in error and, therefore, I was not immediately available. As you know, of course, I came to the office immediately and was here at about 8:40 p.m. I understand that ASAC Schmit in Denver talked to Mr. Belmont at 7:36 p.m., and that Mr. Belmont then called you and then you attempted to reach me at approximately 7:45 p.m. I was, therefore, not immediately available for the period from 7:45 to 8:25 p.m.

With respect as to why the Smith Act data was not in the front office cabinet, as I explained to you upon leaving Saturday night, the material had been prepared in Crime Records late Friday night, had been checked, and since it was quite bulky we left it there. I, of course, expected to handle the material, knew it was readily available, as did Jones, Murphy and Heim in the Crime Records Section.

I regret exceedingly that this incident occurred and that I was the instrument for causing you concern. I have no excuse for either of the above errors and frankly no explanation other than the above for the incident. You can be assured this will not again occur.

Addendum, LBN:MP 8/7/54 When I tried to reach Mr. Wick on Sunday evening, August 1, there was no answer and no report in movement section. I then called Supervisor Murphy to have him come to the Bureau to work on a special. When I got to the Bureau I learned Wick had answered the phone subsequently and was on his way in. I looked for the material in connection with the Smith Act apprehensions which were then taking place. It was not in its usual place, however, when Wick appeared, he had the material in his work box. I told him since Murphy

and I were down, he could go on home, we would handle the matter. Wick felt very bad about not being available and he ordered an outside bell the following day. There is accordingly also need for any further action in this matter.

Assigned: Mr. Nichols' Office

EOD: 7/20/42

GRADE AND SALARY: GS-14, \$9800.00

OFFICE OF PREFERENCE: Wherever the Director desires him.

#### ASSISTANT TO THE DIRECTOR L. B. NICHOLS

Mr. Wick is experienced, versatile, industrious and exceedingly conscientious. He handles press releases, reviews mail and handles various assignments in my office. He has excellent judgment which comes from his long experience both in the Field and at the Seat of Government. He is the type of person who takes ahold of problems as they arise and sees that the necessary action is initiated. He is not afraid of assuming responsibility. He is thoroughly reliable and dependable. I would have no hesitancy in recommending his assignment as Assistant Special Agent in Charge in practically any office in the Bureau as I believe he could assume additional responsibility and would give a creditable account of himself.

INSPECTOR BROWN: Mr. Wick is aggressive, yet tactful; he is able to analyze a set of facts and to suggest a workable solution. His training in the newspaper business stands him in good stead in his present position and he appears to be doing a very acceptable job. I agree with Mr. Nichols that Mr. Wick could handle a job as ASAC, although he is probably more valuable to the Bureau in his present position.

RECOMMENDATION:

None . . . Informative.

### Junior Envoy **Back Home** From Britain

When Pete Wick came back from his two-week, expensepaid trip as junior ambassador to the British Isles, he was loaded with trinkets, souvenirs

and gifts from slingshots to perfume.

"We're still finding things around the house he brought home," said his mother yester-

Pete, 13-year-old student in Stratford Junior High School's eighth grade, is the son of Mr. and Mrs. Robert E. Wick of 2219 N. Military road, Arlington. His father is an FBI agent.

Pete is one of two boys who were judged tops among The Washington Post and Times Herald's 3400 carrier boys. He and James Penrod, 14, of 1357 Congress st. se., were awarded the junior ambassadors trip, sponsored jointly by this newspaper, the American Weekly and Trans World Airlines.

They and 46 other boys went on the tour, joined by 48 English boys over there. "One boy from Seattle got homesick in New York, though, spent \$23 in phone calls home and went back home before we left." Pete said.

With \$50 given him by this newspaper and 3 pounds by William (Hopalong Cassidy") Boyd, who accompanied the boys, Pete came back with:

An English pipe and package of St. Bruno flake tobacco for

his father.

"I'd given up smoking, his father said, "but I've taken pipe smoking up now."

Three bottles of perfume—
"Amour, Amour"; "Moment Supreme" and "L'heure attendre"
—for his mother. "I wonder what that stuff smells like," said Pete. He also bought her a comb and brush set.

Three metal-forked slingshots one for a friend, one for his brother, Bob, 10, and one for himself. "I also bought 7 feet of rubber sling for repairing mine," said Peter. One guy bought 18 feet." Brother Bob also got a harmonica.

<u>Irish dolls and a lapel pin</u>

for sister Janice, 4.

Two English knives frienas.

A gas eigarette lighter for D. D. Boone, Pete's distribution boss at the newspaper. "I tried to get him a bottle of whisky. but they wouldn't let me," said Pete.

These were the main items. But Pete also brought back-three dozen or so pin-buttons from various holiday camps where the boys stayed in England, many pamphlets (including one called "Golf in Ireland") and programs, 200 photographs, and various other knick-knacks.

Pete took the pictures himself. He saved up his earnings from his 83-customer paper route for two months and bought a new 35-millimeter camera. He even had a photograph of a toilet in one of the camps.

"But only about 100 of the shots turned out any good," he said. "It rained most of the time, and I bought the camera. the day before I left and didn't have much time to learn how to work it."

Hopalong Cassidy was in

many of the pictures.

"We traveled 1600 miles by bus," Pete said, "and he was always at the places we visited. He went by Rolls Royce and a Jaguar,"

Pete's souvenirs and gifts' weighed 45 pounds, the exact maximum allowed by the air-

"My dad said he wonders if I really got much out of the trip." Pete said, "because I don't talk about it all the time. I think about it many times each day, particularly when I

deliver papers."
The thing that impressed Pete most was not the soccer or hurling games, nor the mounted "knights" rushing from a castle, nor a carnival at Blackpool, nor the trans-Atlantic plane ride of seven hours, 36 minutes, 52 seconds.

"It was St. Botolph's Church in Boston, England," he said, "and the priest who told me about the stained-glass windows. It's a great hig church, very old and quiet and solemm." He took 20 pictures of it.

TO

I received a surprise visit from my brother and his wife and two of their friends in the middle of the day yesterday On no notice at all your office kindly arranged an FBI tour and at what I am sure was a personal inconvenience, took care of them handsomely. They all came to dinner last night raving about Mr. courtesy and competence. They were thoroughly impressed with the Bureau as a whole and, I need not tell you, will carry their enthusiasm back to New York with them.

The same thing occurred sometime ago in connection with Mr. Kemper's enthusiastic efforts over my wife and some of her friends.

On both occasions Mr. Nichols and Mr. Wick in Mr. Nichols' office have gone out of their way, in their busiest season, to be helpful. I need not tell you how much it is appreciated, nor how much public good it seems to do. Heartiest congratulations!

This Agent was selected for interview from among the supervisors assigned to the Seat of Government.

### BACKGROUND

This Agent has had extensive experience both in the field and at the Seat of Government. His service was divided: approximately six years in the field and seven years in the Records and Communications Section as a supervisor. He served in the latter Division as a supervisor on two different occasions being assigned there last on 11-27-49. His development from the beginning of his service in the Bureau has been above average and he has been consistently rated as an enthusiastic, conscientious, industrious employee. As early as 1949 his Special Agent in Charge indicated he definitely possessed administrative and executive ability and as having the qualities necessary to becoming an SAC. He has regularly put in a large volume of overtime. He has been both commended and censured on various occasions over the years, but on only one occasion was his dereliction of a serious nature. On October 19, 1953, he was censured and placed on probation inasmuch as he received a telephonic inquiry from an individual in Cincinnati regarding the policy of this Bureau toward the dissemination of information contained in its files and he answered such inquiry orally, which, in view of the circumstances, should not have been answered verbally. As a nesult, the information he furnished on this occasion was subsequently distorted in the Cincinnati newspaper. He was removed from probationary status on 11-25-53. His latest censure was on 8-10-55 inasmuch as since 5-11-55

ten errors of a non-substantive nature were detected in mail approved by him.

Under date of March 31, 1955, Mr. Nichols, on his annual efficiency report, rated him satisfactory, stating that Wick is industrious, enthusiastic, and conscientious. Mr. Nichols indicated further that he handles his assignments with dispatch and that he has the capacity for additional responsibility. Mr. Nichols feels that in view of Wick's well-rounded background he could materially strengthen the field by serving as an ASAC.

### RESULTS OF INTERVIEW

Agent Wick makes an excellent, nature appearance, conveys confidence, and gives the impression of being extremely conscientious and enthusiastic. It is readily apparent that he is well aware of the many problems confronting the Bureau and is sensitive to the value and necessity of good public relations. It is likewise apparent that he has a keen interest in and keeps abreast of current events and generally what is going on around him.

As to suggestions for improving the work of the Bureau, Wick indicated that as such occurred to him he makes them known and takes steps to bring about desired improvements whenever possible. He has been concerned over the large volume of newspaper clippings coming into the Bureau, many of which are duplications, and he has been giving much thought to ways and means of satisfactorily bringing the important clippings to the attention of our top executives without burdening them with duplications and irrelevant material, thus saving a little of their time.

He feels that one of the most important factors in maintaining the high standards of the Bureau is to maintain our discipline indicating that if we relax our disciplinary policies many of our personnel will be inclined to more or less "rest on their oars." He feels that we must be continuously alert to get the idea over to our personnel that hard work pays off and that our SACs are probably not doing the job they should in this regard. He remarked that in his day-to-day dealings with many of our field executives he often gets the impression that rather than exercise their own judgment on matters they are inclined to call the Bureau seeking advice, more or less for the purpose of placing themselves on record, which he feels is an

indication of a lack of initiative and is a mark of immaturity. Mr. Wick could cite no specific examples at the time of interview but stated that this is an impression that has been building up in his mind over a period of time.

Wick is married and has three children and ownshis own home in the Washington area. He is eager to advance in the Bureau and is completely available for whatever assignment the Director deems he is qualified for. He pointed out, however, that he likes very much the work he is doing and his enthusiasmifor it is beyond question. He stated that if he would have a choice in the matter he would prefer to remain in Washington where he feels he can accomplish the most for the Bureau.

### CONCLUSION:

This man's enthusiasm, conscientiousness, and knowledge of the Bureau is impressive. He is definitely above average. His experience and training is well rounded having extensive field experience, has served as an Inspector's Aide, and has had supervisors experience both in the field and at the Seat of Government. It is my opinion that he is of SAC caliber at this time and would do a commendable job in that regard. It is sincerely believed, however, that his greatest value to the Bureau is as a Seat of Government executive due to his background and experience.

### RECOMMENDATION:

That Wick be kept in mind for further advancement along the administrative lines at the Seat of Government.
